FRENCH TROOPS ENTER ST. QUENTIN

Cambrai in Flames; Huns Withdraw to East--Turks Whisper Peace

QUICK ACTION ON LOAN SALES IN EVERY DISTRICT

Hope to Have Definite Figures for Publication by Tonight

IOWA AHEAD OF ITS QUOTA

War Exhibit Trains Given Credit for Much of Success

WASHINGTON, Oct. 1.—Subscriptions to the fourth Liberty loan have been more numerous and larger than at this stage of any previous loan campaign. This was indicated today in telegrams received from all sections of the country. Actual totals in the campaign to raise $6,000,000,000 in three weeks were not available, but treasury officials believed that a report could be obtained from every district by tomorrow night.

"From the reports now at hand," said a statement issued at loan headquarters tonight, "it can safely be asserted that sales are moving much faster in the early days of this campaign than they did during the third Liberty loan drive."

The Pacific coast had sold $60,000,000 worth of bonds at the close of business last night, reports from San Francisco said. Women in San Francisco and Sacramento sold $125,000 and $830,000, respectively, in the first two days. Subscriptions in Hawaii on the opening day were $3,461,000.

Reports received today said the state of Oregon was near its quota. The treasury was officially informed that the state of Iowa had over-subscribed its quota by more than a million dollars. Kansas City, Kan., was the largest city reporting an over-subscription today.

The twenty-four war exhibit trains moving through the country are given much of the credit for the enthusiasm of the first days. Thousands of people daily are passing through the trains, reports said, and staying after the trains have gone to hear speeches and enter their subscriptions. From many districts today came reports that the throngs were so great they could not pass through the trains during the stay of the train. In Nebraska, Kansas and Oklahoma persons passed through the exhibit cars at the rate of fifty a minute.

Subscriptions in New England for the first two days were $67,000,000, of which $45,000,000 came from Massachusetts.

The St. Louis district committee was so busy selling bonds today it made no report.

DRAFT NUMBERS TO BE MAILED

May Not Be Available Here For Several Days

WASHINGTON, Oct. 1.—With the completion today of the third great military lottery since the nation went to war, machinery in the provost marshal general's office was set in motion to finally check the master list and mail copies to the 156 district draft boards over the country which are to make them immediately available to the newspapers within their area and to post them for the public. Present plans were to begin the mailing tomorrow night.

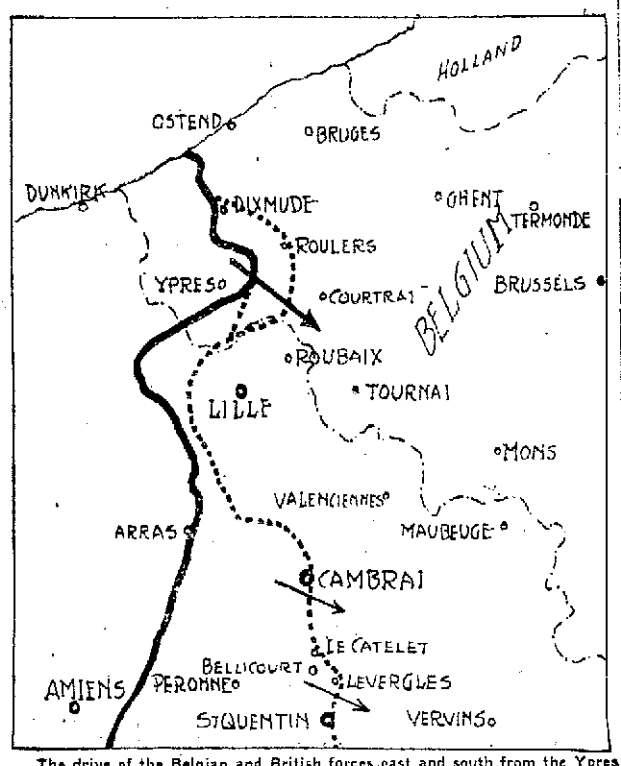
The last of the 15,000 numbers, which are to determine the order in their respective classes of the 13,000,000 men who registered September 12, was taken from the big glass bowl in the room of the Senate office building at exactly 8 o'clock this morning. Provost Marshal General Crowder drew out the capsule, which contained number 12,734. The drawing, which was started at noon yesterday by President Wilson, has been completed in six hours less than the estimated time due to a race which developed between the shifts of young officers charged with the drawing.

During the first check of the tally sheets today only one number was found displaced. The correction was easily made from the tally wires on which the actual slips of paper bearing the numbers had been strung after being removed from the capsules. General Crowder stayed with the workers during the entire twenty-hour period and the drawing was watched by a constantly changing, but never large audience.

Time of the receipt of the master lists by district boards will be governed by the distance they are located from Washington. Newspapers must make their own arrangements for securing copies of the lists from the boards.

When General Crowder took the last capsule from the bowl today, order numbers had been given to approximately 24,800,000 registrants. Numbers for the first 8,000,000 registrants were drawn in July 20, 1917, and those for the nearly 1,000,000 youths turning 21 before last June 5 were drawn June 5.

BENDING GERMAN LINE IN FROM THE NORTH



The drive of the Belgian and British forces east and south from the Ypres front in Flanders, and the taking of St. Quentin by the French and the evacuation of Cambrai in the face of British attack are creating a new German salient that has for its nucleus Lille. Efforts of General Haig's forces are now plainly directed toward pinching this off.

The heavy black line shows the line of farthest German advance, last spring. The dotted line shows the present Allied advance, the segment east of Ypres being the gains made in Belgium in the last four days. This new Allied salient threatens Lille to the right and the German submarine base at Ostend, to the left.

PETERSON, SELMA, WOUNDED IN FRANCE, DIES, NEWPORT NEWS

(Special to the Republican.)

SELMA, Oct. 1.—The first homecoming from France to Selma is the silent body of Vernon A. Peterson, who gave his life to his country as the result of wounds received when bravely going "over the top" in France on July 18th. News of the death was conveyed to his father, H. P. Peterson of this city, early this morning from Newport News, Va., where the young soldier had been brought in the hope that he might reach home before his death. He was a native of Iowa, aged 23 years, and had resided in Selma since 1907. He was among the popular and capable students of the local schools. He entered the military service in November, 1917, and went first to Camp Lewis. He was next transferred to Camp Green, then to Camp Mills, and went on to France in May. He was wounded in the shoulder and lung on July 19th, and wrote very hopefully of his condition, and of the excellent care given him. Pneumonia complicated his recovery, and he was brought to this country on board a hospital ship in an effort to hasten recovery. He arrived in New York last Sunday and was immediately taken to Newport News. The military authorities immediately wired to the father of his serious condition, and kept him posted thoroughly as to developments, and discouraged a suggestion to come to the boy's side as an impossibility before the end. No funeral arrangements have yet been made, but the funeral will doubtless be under full military honors.

COALINGA MAN AMONG WOUNDED AT BASE HOSPITAL

(Special to the Republican.)

COALINGA, Oct. 1.—Mrs. Claude T. Walker received a letter today from her brother, Private C. H. Walker, with the Rainbow division, now in France, stating that he was in base hospital No. 7 recovering from a wound in his arm, received in a recent engagement. The letter did not say when he was wounded, or how badly. It was dated September 8, and only yesterday his sister received a letter from him dated August 18, stating that they had been moved up close behind the lines, but did not expect to go into the lines for some time. It is presumed that he received his wound in the St. Mihiel sector.

CHILE IS MAKING UP WITH BRAZIL

SANTIAGO, Chile, Oct. 1.—Chile is preparing to send a large official delegation to Brazil next month to represent the Chilean government at the inauguration of President-Elect Alcea of Brazil. One of the largest of the Chilean battleships and 150 cadets from the military school will comprise part of the Chilean representation at the function.

TO URGE WHEAT PRICE BE $2.50

Grain Cannot Be Raised at Price Fixed by Congress, Say Growers

WASHINGTON, Oct. 1. — Senators and representatives from wheat growing states and officials of the National Wheat Growers' association in conference here tonight decided to appoint a special committee to urge upon President Wilson immediate action fixing the price of wheat for 1919 at $2.50 a bushel.

The President will be told that this price is necessary for the protection of most wheat growers over the country, who under the present price of $2.30 a bushel plus the freight differential will not be able to raise wheat at a profit.

Appointment of a special committee to investigate the cost of wheat production also will be requested, it was announced, but in the meantime an increased price will be sought.

Dr. William J. Spillman, chief of the office of farm management of the department of agriculture, presented to the conference tonight figures compiled by his office designed to show that a price of $2.50 a bushel is essential if the maximum production is to be attained next year.

Speakers insisted that the President had been misinformed as to the increase in the cost of flour that would result from $2.50 wheat. They said the added cost on a barrel of flour would be 90 cents instead of the $2 estimated.

Senator Gore of Oklahoma, author of the $2.50 amendment to the annual agricultural appropriation bill, told the conference that the estimated $5,000,000 increase in the cost of wheat to the Allies at the $2.50 price could be and should be absorbed by the American government.

In vetoing the agricultural appropriation bill, recently because of the Gore amendment, the President said the proposed increase would cause disruption of economic conditions not alone in the United States, but in the Allied countries.

RAIN MAY DAMAGE STATE BEAN CROP

(Special to the Republican.)

STOCKTON, Oct. 1.—Telegraphic reports indicate that California bean growers are facing probability of heavy losses by rain at Santa Maria, heavy rains in Merced and Monterey counties and cloudy threatening weather in San Joaquin and south of the Tehachapi.

LONDON, Oct. 1—Casualties among the British forces reported during the month of September totaled 94,537 officers and men, divided as follows:

Killed or died of wounds, officers, 1,893; men, 14,914.

Wounded or missing, officers, 5,573; men, 72,561.

WASHINGTON, Oct. 1—At the request of Queen Elizabeth of Belgium, the American Red Cross has undertaken to instruct Belgian mothers in the care of their children.

SENATE REJECTS SUFFRAGE; VOTE, 62 TO 34

First Important Defeat for President Wilson This Session

ADVOCATES TO TRY OVER AGAIN

Fully Expect Membership Will Have Changed Soon

WASHINGTON, Oct. 1.—The Senate today refused to grant the request of the President that the woman suffrage resolution be passed as a war measure.

After five days of bitter debate, corridor conferences and cloak room negotiations, the Susan B. Anthony Federal amendment resolution, enacted by the House last January, received on the final roll call two votes less than the necessary two-thirds majority. Fifty-four senators were recorded for it and thirty against it, with twelve absent and paired.

Before the vote was announced, Senator Jones of New Mexico, chairman of the woman suffrage committee, to comply with parliamentary requirements, changed his vote from the affirmative to the negative and moved that the Senate re-consider. This made the final official record 53 to 31 and left the resolution technically pending on the Senate calendar, in position for further consideration planned, after the November elections, when suffrage forces hope to master the requisite number of votes.

President Wilson's personal address to the senators yesterday, supplemented by letters today to several Democratic senators opposed to the resolution, did not change a single vote, although in the final debate some senators asserted that defeat of the resolution would mean repudiation of the executive. Including the absent and paired senators, the roll call showed that the Senate line-up of 62 to 34 on the resolution remained virtually unchanged from the beginning of the fight last Thursday.

Will Try Again

Chairman Jones and other champions of the resolution declared after today's vote that the defeat is only temporary and that the contest will be renewed after the November elections, when changes in membership are certain. Administration leaders also admitted that the vote was the first important reverse President Wilson has met in advocacy of what he declared to be essential war measures.

The vote today came just before 4 o'clock after one of the most bitter and spectacular contests in the Senate in years. Today, charges and counter-charges of responsibility for the result were hurled back and forth with partisan politics against an issue.

In the last effort to win over Democrats opposing the measure, following his address to the Senate yesterday, President Wilson today sent personal letters to Senators Overman of North Carolina; Sheilds of Tennessee, Bennett of South Carolina; Martin of Kentucky, and it was reported, a few others, earnestly seeking their support.

All efforts today to amend the resolution were futile. A motion by Chairman Jones to table the amendment of Senator Williams of Mississippi designed to limit the Franchise to white women, was carried 61 to 22. The proposal of Senator Frelinghuysen of New Jersey to require American citizenship of women voters also was rejected, 50 to 35, which an amendment by Senator Fletcher of Florida, designed to apply the resolution's prohibition against the abridgement of franchise because of sex to the Federal government only, was lost, 64 to 17.

VOTE IN SENATE.

Democrats for:

Ashurst, Chamberlain, Culberson, Gerry, Gore, Henderson, Johnson of South Dakota; Kendrick, Kirby, Lewis, McKellar, Martin of Kentucky, Myers, Nugent, Owen, Phelan, Pittman, Ransdell, Robinson, Shafroth, Sheppard, Smith of Arizona; Thomas, Thompson, Vardaman and Walsh—26.

Republicans for:

Calder, Colt, Cummins, Curtis, Fernald, France, Goff, Gronna, Jones of Washington, Kellogg, Kenyon, La Follette, Lenroot, McCumber, McNary, Nelson, New, Norris, Page, Poindexter, Smith of Michigan, Smoot, Sterling, Sutherland, Townsend, Warren and Watson—27. For—53.

Democrats Against:

Bankhead, Benet, Fletcher, Gnion, Hardwick, Hitchcock, Jones of New Mexico; Martin of Virginia; Overman, Pomerene, Reed, Salisbury, Shields, Simmons, Smith of Georgia, Smith of Maryland, Smith of South Carolina; Trammel, Underwood, Williams and Wolcott—21.

Republicans against:

Baird, Brandegee, Dillingham, Drew, Hale, Lodge, McLean, Penrose, Wadsworth and Weeks, 10. Against—31.

The following senators were paired:

Beckham of Kentucky, Against, with Hollis of New Hampshire, and Frelinghuysen of New Jersey, Republicans; Borah of Idaho, Republican, against with Fall of New Mexico and Harding of Ohio, Republicans; Knox of Pennsylvania, against, with Johnson of California, and Sherman of Illinois, Republicans; Swanson of Virginia, Democrat against, with Wilfley of Missouri and King of Utah, Democrats.

In giving notice that he would ask for a reconsideration, Senator Jones said he did not intend to request another vote in the near future.

HINDENBURG LINE CRUMBLING UNDER BLOWS OF ALLIES

Germans Lose Enormous Holdings of Artillery in Flanders Engagements

BY THE ASSOCIATED PRESS

The town of St. Quentin, upon which the Germans had so firmly build-ed their hopes of providing an insuperable barrier to the Allies, at last has been entered by the French and seemingly the gate-way is open to Marshal Foch for the swift advance eastward in his task of reclaiming northern France.

Meanwhile the Germans and their allies on all the battle fronts have continued to play a losing game, and it is reported that the Turks, realizing the critical situation through successive defeats and the withdrawal of Bulgaria from the war, are sending out "peace feelers."

From northern Belgium to the region of Verdun, the battle front is still seething with activity and with the Entente forces continuing to make gains against the Germans which are seriously imperilling the enemy lines.

In Flanders, the Belgians and British in the region from Dixmude to Armentieres have further driven in their sharp wedge eastward, capturing important towns and cutting lines of communication necessary to the contained holding by the Germans of their submarine bases on the North Sea.

Overcome Hun Fortifications

From Cambrai to St. Quentin, notwithstanding most violent reactions from the Germans, the British, Americans and French again have won heavily fortified positions of the enemy all along the front midway between St. Quentin and Cambrai. The remaining portions of the old Hindenburg line are slowly being demolished, although the Germans have imposed the strength of nearly half a million men against the Allied troops to hold the front, the breaking through of which, in conjunction with the successful manoeuvers in Flanders, along the Aisne, and in Champagne, would mean disaster.

Between the Vesle and Aisne rivers the French continue to push back the Germans north of the Aisne, while in Champagne the French, operating in conjunction with the Americans, are steadily advancing northward. Their gains now dominate the Aire river valley running in the north of the Argonne forest, while on the other side of the forest, the Americans are slowly coming up the Aire valley from the south and soon will be in a position, with the French to nip this great wooded bastion out of the German line.

May Drive Soon in Italy

In the mountain region of the Italian front there has been a considerable increase in artillery activity and it is probable that Marshal Foch soon will begin an offensive here against the Austro-Hungarians.

General Allenby in Palestine has surrounded Damascus, and French cavalry is reported to be working its way up the Mediterranean Sea coast, toward Beirut.

In the Macedonian theater, west of lake Ochrida, the Austrians are evacuating territory in Albania, probably indicating that now Bulgaria is out of the war, the Austro-Hungarians realize they are in a serious predicament, far from home and with no allies to aid them.

Peace demonstrations have been held in Berlin, in which police intervention became necessary. Some excesses were committed by the crowds, such as the tearing down of statues. The possibility of a cabinet crisis in Germany is indicated by the resignations of the imperial chancellor, vice-chancellor and foreign minister.

Enormous German Losses

In the recent fighting in France and Flanders the German losses in men killed and wounded and in guns captured have been enormous. To the Belgians the Germans lost virtually all their forward defensive artillery and some heavy naval guns. Many men were made prisoners. During September the British took 66,300 prisoners, 700 guns of all calibres and thousands of machine guns, in addition to inflicting heavy casualties on the enemy, and in August and September took 123,688 prisoners and 1,400 guns.

FIGHT OVER MUD TO DRY POSITIONS

Belgians Inflict Heavy Blows on Germans in Flanders

WITH THE BRITISH ARMY IN FLANDERS, Oct. 1.—The Belgians have pushed beyond the shell-torn zone of mud and water and have occupied comparatively dry and comfortable positions in the enemy lines.

The enemy lost practically the whole of his forward artillery and some of his heavist naval guns. The Germans fought stoutly in the Houthoist forest, but were completely surprised by the onrush of the Belgians through the soaking downpour. The Germans fell like flies.

WITH THE BRITISH ARMY IN FRANCE, Oct. 1—(By the Associated Press.)—3:40 p. m.—This was another day of victories for the fighting British army. The Belgians also continued their forward movement.

Gains of the greatest importance were made by the Australians between Gouzeaucourt and St. Quentin, and it seems that they have pressed the enemy everywhere. Long lines of German prisoners are fleeing east and northeastward from this region as well as other regions.

The day was an ideal one for flying, and the British aviators, who had not been busy for several days, again came into their own. The planes flew low over the enemy masses and poured bullets by tens of thousands into them, while at the same time bombers picked massed troops as targets and often loosed their projectiles on the transport columns in full flight, inflicting terrible damage.

The better visibility also enabled the British gunners to do more accurate work.

Once more casualties of great proportions have been inflicted on the Germans, who are now fighting with greatest desperation, realizing that their position in this entire area is more precarious than at any time during the past four years.

East from St. Quentin

True, there has been again the hardest of close fighting astride and in the Hindenburg system, but back of here there is open country. Jeancourt is now well behind the British lines, after brisk fighting. The lines are some distance east of Leveries. Estrees, captured once and then lost, is a counter-attack has now been taken again by storm. The Australians smashed well eastward of it, making sure of maintaining their gain.

From here the battle line curves back northwestward, passing about 1500 yards southwest of Guyencourt, which also has once been reached by the Allied troops, but at the present moment is in German hands.

The torch has been applied to Cambrai and the town is burning briskly. It is evident that the Germans realized the

(Continued on Page 2.)

AUSTRIANS STILL HOPE TO OBTAIN PEACE BY TALK

AMSTERDAM, Oct. 1.—According to Budapest newspapers, the Austro-Hungarian government desires peace, in agreement with Germany, notwithstanding the fact that measures have been taken for defense as a result of Bulgaria's withdrawal from the war.

A dispatch received here today from Budapest quotes the newspapers of that city as saying that a crown council was held Saturday, at which military measures that had become necessary as a result of Bulgaria's action, were taken to guarantee an effective defense, but the government was still striving at the earliest possible moment, in agreement with Germany, to secure a peace that would absolutely preserve the monarchy's territorial integrity.

DESTROYS THREE ENEMY BALLOONS

American Aviators Now Are Operating at Night

WITH THE AMERICAN ARMY ON THE LORRAINE FRONT, Oct. 1. (By the Associated Press.)—Three more enemy balloons have been added to his already long list by Lieutenant Frank Luke, Jr., of Phoenix, Ariz. Confident that he would get the balloons he desired, Luke dropped a message as he flew over the line opposite the points he intended to attack, telling the Americans to look out for burning balloons. A few minutes later two enemy observer balloons fell in flames. After a brief interval, a balloon far down the line was seen to be on fire, marking Luke's dash over the enemy front.

The attack was made during the darkness and was incidental to an innovation on this front. For the first time the American pursuit planes have been used at night, the men making off at dusk and doing their work in the darkness and returning and alighting by flares after having signaled their movements with lights.

PARIS, Oct. 1—General Pershing on behalf of the American First Army has congratulated Major General James G. Harbord, commander of the American supply service, for the manner in which necessary supplies had been transported to the front in recent operations.

HUNS KEEP GRIP ON RAILWAY ACROSS TO TURKEY

250,000 Troops Transferred from Rumania to Sofia

MAY BE CHANCE FOR NEW REVOLT

German Papers Suspicious of Activities at Jassy

AMSTERDAM, Oct. 1.—All the imperial German secretaries of state have resigned and the Prussian minister intended to resign, according to the Berlin Tageblatt, a copy of which has been received here.

LONDON, Oct. 1. — Germany, if reports from a neutral center can be relied upon, is going to make a great effort to maintain communication over the Orient railway with Turkey, and thus hopes to keep her eastern ally in the war.

According to a Hague despatch to the Central News, 250,000 German and Austro-Hungarian troops have arrived at Sofia as an argument favoring the overthrow of the Malinoff government, the majority would endeavor to keep the Allied troops from the Orient railway, which joins Germany and Austria with Constantinople, the construction of which was a few years ago hailed as the greatest achievement of the Central Powers.

The removal of troops from Rumania, however, is not without danger. A few weeks ago, when appealed to by his colleagues on the western front, for assistance, Field Marshal Von Mackensen reported that the conditions in Rumania did not warrant the transfer of a single soldier to that country. Now Rumanians are predicting that if the Rumanian army does not rejoin the Allies there will be at least a rising in that country which will completely nullify the Bucharest treaty, so far as it provides for the revictualing of the Central Powers.

German papers, too, express suspicion

(Continued on Page 2.)

NEW AGENCY FOR ACTIVITY IN WAR

Field Division of Council of National Defense Begins Work

WASHINGTON, Oct. 1—The new field division of the council of national defense, which is intended to be the connecting link between the council and the citizen, began its duties today under the direction of Secretary Lane, its chairman.

The purpose of the division is to organize and arouse the opinion and energies of the country upon war work by moving through the state councils and subsidiary organizations down to the smallest communities. It will take the place of the state section of the council and the woman's committee and the agencies of both are incorporate as a part of its machinery.

The work of the division will fall under six heads:

The Federal agency section will have charge of all work relating to government departments and Federal agencies requiring the aid of the field division and the nationwide defense organizations. The organization and information section will have charge of general planning and the advising of state councils as to the best methods of carrying on their work.

There is also being created a field staff, the members of which will be the executive connecting link between the field division and the particular group of states allotted to each member of his staff.

The Americanization section will handle the dissemination of educational information and also will take over the work on educational propaganda formerly handled by the women's committee.

A speakers section under the direction of Frederick L. Allen, will obtain, organize and route speakers throughout the country, while Dr. Jesica B. Peixotto will be in charge of the child conservation section.

RINTELEN SENT TO ATLANTA PRISON

NEW YORK, Oct. 1.—After being held here for many months pending appeals and on pleas of illness, Franz Rintelen, German naval captain and reputed relative of Emperor William, who was convicted of bomb plotting and other crimes, was today sent under close guard to the federal prison at Atlanta to serve sentences totaling three years.

Rintelen's exchange for an alleged American held by the Germans was demanded some time ago by the German government and refused by the United States government.

MUST BE PREPARED FOR WORLD LEAGUE

By Righting Wrongs Now, Declares Secretary Balfour

Gives Strong Indorsement to Wilson's Latest Address

LONDON, Monday, Sept. 30.—The wrongs of subordinated peoples must be righted, and territories occupied by Germany since the beginning of the war must have complete freedom before a league of nations can be possible and peace secured to the world, said Arthur J. Balfour, British foreign secretary, at the Guild Hall today. He explained President Wilson's recent speech in New York, and gave his support to the ideas outlined in it.

"The full magnitude of all issues before mankind is thoroughly realized," said Balfour. "America came into the war fully conscious of what those issues were, and very wisely named its great financial effort after the cause which it has at heart, for that cause was liberty for the world.

"There is yet another cause, not embodied in a name, but as present to the hearts and consciences of Americans as to the hearts and consciences of British, French and Italians, that if we failed in the crisis not merely to win the war, but to see that such wars do not recur, our task would be but half accomplished.

Must Enforce Peace

"I am confident you all have read President Wilson's speech. It had all the characteristics which make his public utterances unique in state documents. It had eloquence, directness, and the magnificence of a style to which he has accustomed us. Wearisome formalities were absent.

"His main theme was this: That if the world would make sure that it is going to have peace, it must come to some arrangement by which malefactors or would-be malefactors are to be kept in order by a league of nations.

"The second proposition was that if you are to carry out this great ideal, the only time to do it effectually is at the moment when peace itself is being forged by the labors of the victorious powers.

"Personally, I am very much of the President's mind, that to allow this occasion to sink into the past would be to lose one of the great opportunities given mankind permanently to put international relations upon a sound, lasting and moral footing, and if the work for your new international machinery for securing peace is not to be greater than it can perform, you must so arrange the map of Europe and the world that great occasion for wars will not overwhelm you.

Imminent Dangers

"If you are going to render present German domination over Russia, especially western Russia and the small peoples along the Baltic; if you refuse to redress the wrongs of Poland; if the subordinated peoples in the Austrian empire are to be left under the heel of the German and Magyar minorities; if the Balkans are to be the scene of bloody wars and the occasion for hostilities among their neighbors; if the Turk is to be allowed to resume his bloody sway over the territorities torn from him; if Italy is not to have restored to her and added to her those populations which really made her indeed an Italy redeemed; if Greece is to be threatened, as in the past, by the domination of the Central Powers; if Serbia is not to be restored after all her appalling sacrifices and glorious gallantry; if France is not resume her full place in western Europe, and if Belgium is not to be restored in full measure, if all these evils are not potentially to recur, then you must do something more than merely establish a league of nations.

Must Clean Up

"You must put these wrongs right, before a league of nations can set to work. You must give it a clean slate to work upon. Then, and then only, will your league of nations work.

"Therefore, in order to make a league of nations possible, complete victory is absolutely necessary. Germany can only be a member of a league of nations when the international system has been re-formed by a great, wise and all-embracing peace, and that can never take place until Germany, not merely has been obliged to change her profession of faith, but until Germany finds herself in a position where all her dreams of world domination are torn to pieces before her eyes and she is left powerful indeed she will be left powerful, doubtless prosperous and doubtless wealthy, but no longer a tyrant who can use the nations which she is in a position to influence to serve her own dreams of world empire. Therefore I ask you to remember how far the financial efforts we are now calling upon you to make extend beyond any merely financial operations."

Turns on Turkey

LONDON, Oct. 1, via Montreal.—Bulgaria, during the discussion over the armistice at Saloniki, indicated she was not averse to attacking Turkey, according to reliable news received in London, Reuter's Limited, states today.

Bulgaria, explained, however, that she could only act militarily in this connection in cooperation with the Allies.

Turkey Next?

LONDON, Monday, Sept. 30.—With Bulgaria out of the war through the armistice convention signed on Sunday, involving her complete military surrender, interest in the near-eastern situation is being focused on Turkey. It is noted that Andrew Bonar-Law, the chancellor of the exchequer, in his Guild Hall speech today made a remark referring to the threat of the Turkish Palestine army at General Allenby's hands, adding, "and something more is going to follow." Later in his speech he said, also cryptically, touching on the control of Bulgaria, which the control of her railways will give:

"In that there was something in connection with Turkey which I can not say, but which we all can think."

Bonar-Law's words were almost drowned by cheering, but the impression created was that Turkey would follow Bulgaria's lead.

There was deep satisfaction in London over the day's developments, but no excitement and no demonstrations. The keynote of the newspaper comment is a warning to the people not to think that the war is ended. The German army, it is pointed out, is yet a great army, and as yet undefeated. There is stern work ahead, the commentators generally agree, and any relaxation of effort should not take place.

According to Vienna messages, Emperor Charles is to issue a manifesto to the people tomorrow, and it is felt that this must be an utterance of historic importance.

The convention with Bulgaria, signed yesterday, was a purely military arrangement. No political problems are dealt with.

Leave Ferdinand Alone

There has been much discussion in the English press of the status of King Ferdinand, and suggestions have been made that he be deposed. The governments of the Allies take the view that according to their principles of self-determination, the question of who should be Bulgaria's ruler is a question for the Bulgarian people to decide. Thus, it is pointed out, the Allies have given a practical application of the self-determination principle at the first opportunity offered.

The armistice remains in force until the final and general peace settlement. It constitutes a complete military surrender by Bulgaria. She not only ceases to be an enemy, but ceases to be a belligerent.

No information is at hand here regarding the part King Ferdinand played in the latest events—whether he yielded against his will to the sentiment of the country or whether he saw the coming storm and took the leadership in the new policy.

"Must Do Something"

LONDON, Oct. 1.—There is the greatest excitement in Germany over the defection of Bulgaria, judging from several dispatches received here from Holland. On Saturday the excitement amounted to a panic. The alarm brought for the instant demand that "something be done."

A dispatch to the Daily Mail from The Hague says the demand is for somebody possessing the confidence of the Germans and their Allies to replace the present military oligarchy.

All reports indicate a decided cleavance between the junker and conservative classes and the class represented by the socialists and radicals who have the support of some centrists and even national liberals.

Emperor William's belated anxiety for the people to co-operate in the government evidently will be distasteful to the junkers, one of whose foremost newspapers, the Kreuge Zeitung, declares that a dictatorship is the only possible alternative. On the other hand, the drawing of the popular parties is for a popularly elective cabinet.

The effect of the resignations of Chancellor Von Hertling and Foreign Secretary Von Hintze on the public agitation is not yet reported, and nothing is known as to how the terms of the Bulgarian surrender have affected the German people, if they have been permitted to know the terms.

Backs to the Wall

WASHINGTON, Oct. 1.—An official dispatch from France today quotes the German Socialist newspaper, Vorwaerts, on the Bulgarian situation as follows:

"Bulgaria deserts the Central alliance to make peace. We, the German people, then remain alone to face the French, the English and the Americans, our backs to the wall and death facing us. Such is the situation that we have in view today and we must meet it with the necessary courage."

The Berlin Lokal Anzeiger says:

"No one can avoid seeing how great the danger is owing to the Bulgarian crisis. It would be a crime to conceal it."

Feared Revolution

PARIS, Oct. 1—It was the fear of revolution at home and the failure of Germany and Austria to send him the military force he required that induced King Ferdinand of Bulgaria to turn to the Entente for help, according to the American consul-general at Sofia (Dominick Murphy) as quoted in a dispatch to the Matin from Saloniki.

The consul general, the dispatch said, gave interesting details on his arrival at Saloniki from Sofia in company with the Bulgarian plenipotentiaries, of the conditions in the Bulgarian capital leading up to the demand for an armistice. King Ferdinand, the account declares, assembled the Grand Council September 23 with the result that a formal demand was made on Berlin and Vienna for immediate assistance. Notwithstanding the urgent tone of the demand, Germany and Austria responded with evasive promises for the future.

That, the account continues, settled the determination of King Ferdinand and to forsake the powers which had brought only desolation to Bulgaria and intrust her destinies to the Entente.

But what impelled the king most, the consul general's account indicates, was the fear of revolution. Anarchy was making serious progress in Sofia. Workmen and soldiers had held meetings and passed laws. Bolshevikism in its most excessive form became the regular order and manifestations were held before the royal palace.

King Ferdinand, it is added, haunted by recollections of the execution of former Emperor Nicholas, was unable to sleep. He considered it essential for his country and for his own safety that a strong foreign military force should intervene and thus, it is added, as Germany could not give him that, he turned to the Entente.

Pacific District

SAN FRANCISCO, Oct. 1. — San Francisco's total subscriptions at the close of the second day of the campaign for the fourth Liberty loan totaled $8,036,577, according to an announcement made by Charles R. Blythe, northern California chairman, here tonight. He also announced that the forty-nine northern California counties have subscribed a total of $25,000,000 exclusive of this city. San Francisco's quota is $107,876,500 and that of counties specified $77,642,000. A total of 67,000 subscribers has been reported to local headquarters.

Plumas county leads all northern counties with total subscriptions amounting to 151 per cent of its quota.

Kern county has exceeded its quota with a total of 100½. Madera just reached its 100 per cent, while Nevada has a score of 88.4 to its credit, it was announced.

Reports from Arizona show that five communities in the portion of the state within the Twelfth Federal reserve district won honor flags by "going over the top" on Saturday, the first day of the campaign, it was announced at headquarters. Phoenix reported $102,200 paid into the bank in subscriptions by Saturday night.

In Nevada, Ormsby county leads with 93 per cent of its quota actually paid in. Oregon reports a total of $8,568,500 from 39,261 subscribers, while Utah has subscribed $4,605,500, invested by 23,106 persons.

Respect for Americans

LISBON, Sept. 24.—(Correspondence of the Associated Press.)—Portuguese soldiers who have taken part in many battles in France are filled with admiration for their latest allies—the American troops. This was evident just recently when a Russian vessel came into the port of Lisbon, bringing back about 4000 Portuguese troops, including wounded, sick and leave men, returning to this country to recuperate.

A number of these war-worn soldiers of Portugal in their stained and torn uniforms, just as they had left the French battle fields, were passing along a street in the Portuguese, on the evening of their arrival, when a group of American sailors from a warship Tagus came along in the opposite direction.

The Portuguese came to a sudden halt, raised their caps and shouted: "Viva Os Americanos!"

Soon the boys in white from the new world and those in gray from the old world were shaking hands and clapping each other on the shoulders like old comrades.

Conversation between them was impossible owing to their ignorance of each other's language, but the feeling of comradeship was there and soon the enthusiasm spread to the surrounding crowd of civilians who broke out into cheers.

These returning Portuguese soldiers for the greater part had come into contact with the American troops in France some in the battle line and others at the bases in the rear and all had learned to respect and even admire their comrades from across the Atlantic. All of them were convinced the Germans had no more chance of winning now that the Americans had joined the Allies and were coming over in constantly increasing numbers. They were full of wonder at the wonderful discipline of the American troops and at the good feeling existing between the officers and men, which they regard as such a great help to soldiers in the fighting line.

TAKE JONESCU

Former premier of Rumania and pro-Entente statesman, is on his way to the United States on a special mission for his country, left so badly in the lurch by Russia under the influence of German intrigues. His work at Washington will consist of personally acquainting the administration with Rumania's plight and readiness to arise again to oppose Teutonism. The capitulation of Rumania to Allied arms is expected to be followed soon by a revolt in Rumania.

BRINGS MESSAGE OF ALLIED FAITH, FROM RUMANIANS

HUNS KEEP GRIP ON RAILROAD OVER TO TURKEY

Continued from Page 1.)

ion of the crown council held Sunday, ostensibly for a discussion of the crown prince's marriage, but at which other matters might be discussed. The presence at this council of ex-Premier Braliano, who is strongly for the Allies, is strongly commented upon by the German press.

Nearing the End

LONDON, Oct. 1.—The loss of the Bulgarians to the Central Alliance is regarded by the London morning papers as foreshadowing the end of the great four years' tragedy. The editorial writers for the most part are unable to see how Turkey can avoid following the Bulgarian lead, while some believe that Austria-Hungary must do the same.

For Germany, it is held that the surrender spells ruin for her hopes in the Middle East and her aspirations of world empire.

"We have come to a solemn moment in this greatest of all wars and in the long process of civilization," says the Times. "It is no time for exultation, but we may recognize in this great event the first clear unmistakable presage that the confederacy of our enemies is tottering to its fall. The entire surprise which Bulgaria's desertion is to the peoples of the central powers cannot fail to enhance the moral consequences of the shock."

BEGIN DRIVE ON DISLOYAL STOCKS

Questionable Enterprises To Be Blacklisted by Government

WASHINGTON, Oct. 1.—More than 500 promoters of questionable speculative enterprises who are selling securities in competition with the fourth Liberty Loan, and in defiance of the government's capital issues committee, are under investigation by that committee and steps to blacklist them publicly may be taken soon. This was learned today from a preliminary report of the enforcement section of the capital issues committee, which for weeks has been gathering evidence on the activities of wild cat promotion schemes involving the trading in Liberty Bonds for speculative stocks and the consequent absorption of capital for non-war purposes.

Some of these enterprises are supported by interests whose loyalty in the past has been questioned, and agents of the capital issues committee are investigating thoroughly to determine whether enemy influences are responsible for these moves to divert capital from the nation's war credit.

To Be Blacklisted.

More than $200,000,000 fraudulent or unauthorized securities now are on the market, it is reported, and this represents only a small proportion of all such issues offered without being first submitted to the capital issues committee for its approval. Each promotor of these schemes shortly will be served with notice that the continued offering of the stocks or bonds without the committee's approval, or in defiance of the committee's declaration that the issue is "not compatible with national interest," will result of the advertising of the enterprise as working against national policies during the war emergency. These blacklists will be displayed by postoffices, chambers of commerce, district attorney's offices, labor union headquarters and at other places.

RAISIN CITY BOY SEVERELY WOUNDED, FRANCE, AUGUST 10

Special to the Republican.

RAISIN City, Sept. 30.—Word has just been received by his parents, Mr. and Mrs. Thomas Allen, that Daniel Allen was severely wounded in France on August 10. No details were given. Allen enlisted last February from here. He was stationed at Camp Kearny until the first of June, when he was sent to a point in eastern Canada. After a few weeks there, he was moved to Camp Merritt, New Jersey, where he remained but a few days before going overseas. He is the youngest boy in the service from this district, being under 17 years when he enlisted.

AMERICAN RAIL SYSTEM IN FRANCE NOW COMPLETE

PARIS, Oct. 1.—The American supply service headquarters announces that the railroad terminals built by the American expeditionary forces in France have been so far completed that the Americans are able to make up their own trains in their own yards at a port and are daily forwarding all American trains from this yard to the front.

American switch engines, road engines and cars are being used and Americans are handling them.

AMERICAN BATTALION MAY BE POCKETED IN PICARDY BATTLEFRONT

WITH THE AMERICAN ARMY ON THE ST. QUENTIN FRONT, Oct. 1.—(By The Associated Press.)—Some hundreds of Americans in a certain far advanced position between Cambrai and St. Quentin, which they reached late Sunday, were holding out valiantly against superior enemy numbers, according to latest reports which were received yesterday.

The Australians made heroic attempts to assist them and so far as can be learned, are still keeping up these efforts, the result of which is not known. Furious fighting continues here.

STUDENTS ENROLL AS TROOP UNITS

More Than 500 Institutions Begin Work for Governments

UNIVERSITY OF CALIFORNIA, Oct. 1.—Enrollment at the university so far is nearly 100 students in excess of the 1917 mark. Five thousand and ninety-five students have enrolled to date.

WASHINGTON, Oct. 1. One hundred and fifty thousand college students were mustered today into the students' army reserve corps at more than 500 colleges and universities, becoming a part of the military forces. Special programs at the schools inaugurated the corps with formal ceremony.

Standing at attention the students heard read messages from President Wilson, Acting Secretary Crowell and General March, chief of staff. President Wilson's messages said:

"The step you have taken is a most significant one. By it you have ceased to be merely individuals, each seeking to perfect himself to win his own place in the world and have become comrades in the common cause of making the world a better place to live in. You have joined yourselves to the entire manhood of the country and pledged, as did your forefathers, 'your lives, your fortunes and your sacred honor,' to the freedom of humanity.

"The enterprise upon which you have embarked is a hazardous and difficult one. This is not a war of words; this is not a scholastic struggle. It is a war of ideals, yet fought with all the devices of science and with the power of machine. To succeed, you must not only be inspired by the ideals for which this country stands, but you must also be masters of the technique with which the battle is fought. You must not only be thrilled with zeal for the common welfare, but you must also be master of the weapons of today.

"There can be no doubt of the issue. The spirit that is revealed and the manner in which America has responded to the call is indomitable. I have no doubt that you too will use your utmost strength to maintain that spirit and to carry it forward to the final victory that will certainly be ours."

The students are young men of draft age, most of whom will go into active service as soon as their course is completed.

U-BOAT CHASER IS SUNK IN COLLISION

WASHINGTON, Oct. 1. Naval submarine chaser No. 60 was sunk early today in a collision with the oil steamer S. W. Waller off the coast of New Jersey. Two men from the chaser are missing, but the other members of the crew were rescued.

Patrol boats and other craft are searching for the missing men who are Machinist's Mate Walter H. Kluth and Seaman Martin A. Wilson.

The collision occurred at 2 o'clock this morning, the navy department announcement tonight says. No cause was given, but it was assumed that it resulted from the possible fact that both craft were running without lights.

CHRISTIAN SCIENCE CHANGE.

BOSTON, Oct. 1.—The Christian Science board of directors has announced the resignation of Allison V. Stewart as a member of the board and the election of William R. Rathvon as his successor.

14,000 NEW CASES IN ARMY CAMP

Devens Only Place Not Showing Increase in Grippe

WASHINGTON, Oct. 1.—Spanish influenza continues to spread in army camps. More than 14,000 new cases were reported to the office of the surgeon-general during the twenty-four hours ending at noon today. This was an increase over yesterday of 3600 cases. Pneumonia cases also increased with 1003 and 300 deaths.

The total number of influenza cases in all camps now is 88,000 while pneumonia cases number 6769. Deaths since the epidemic began numbered 1877.

Camp Custer, Mich., where influenza had not previously appeared, reported 1764 cases. The most serious increase was at Camp Meade, Md., which reported 1327 cases, against 398 yesterday. Camp Pike, Ark., again reported more than 1000 cases, while Camp Hancock, Ga., reported 716 cases against two the day before. At Camp Funston, Kans., the number of cases increased from 141 to 756. Camp Devens, Mass., was the only one which did not report an increase.

Every available medical officer and nurse is on duty, said a statement tonight from the office of the surgeon general, and wherever possible civilian medical personnel is being recruited to assist the army doctors.

It was said that despite the alarming increase in influenza cases, the pneumonia rate continues low, reports showing that pneumonia has developed in only one of every thirteen cases.

FIGHT OVER MUD TO DRY POSITIONS

Continued from Page 1.)

must get away from this locality, and consequently they are burning Cambrai and other places. Great tongues of flames and billows of smoke are rising from Cambrai.

Concealed Offer?

BASEL, Switzerland, Oct. 1.—Premier Malinoff of Bulgaria is accused by the Strassburg Post of having concealed from the Bulgarian army a decision of the Central Powers nearly ten days ago to turn over the entire province of Dobrudja to Bulgaria.

The newspaper declares such a decision was reached in Berlin September 23.

Urges Frank Answers

WASHINGTON, Oct. 1—President Wilson today appealed to all men on land or sea who have had sea service to give full information about their rating and experience in filling out their draft questionnaires, so their local boards may give them proper classification and inform the government where experienced seamen may be obtained when needed.

"Every seaman should give to the service the best that is in him," says the President's call, "and he should not hesitate to accept deferred classification when the government has decided deferred classification is necessary, no matter how eager he may be to join the fighting forces of the army or the navy."

WASHINGTON, Oct. 1.—Governor Hobby of Texas appeared before the committee on cotton inquiry today and give his views of the cotton situation with reference to price fixing. The people of Texas, he said, believe that if, as a war measure, price-fixing becomes necessary, the price should be at least 35 cents a pound. Any price less than that, he told the committee, would be a hardship on cotton growers owing to the increased cost of production and the general economic situation in the South.

Wetproof Steel Lined Shot Shells

DOUBLE your duck hunting luck in rough weather with the *right* shotshells—Remington UMC Smokeless "Arrow" or "Nitro Club" Wetproof Steel Lined "Speed Shells," made to stay dry and firm as a bullet no matter how wet the pocket that contains them, and shoot *right*.

With the *right* shells in your Remington UMC Pump Gun or Autoloading Shotgun there will be no hitch at the critical moment—no gun jammed with a water-soaked and swelled shell—no fizzled shots from mushy turnovers of the shell ends.

Remington UMC for Shooting Right

Remington UMC Smokeless "Arrow" and "Nitro Club" Wetproof Steel Lined "Speed Shells" are *completely* proofed against wet by a wonderful and exclusive process, which it took three years to perfect. This improvement costs you nothing.

Just buy the same favorite "Arrow" or "Nitro Club" brand, as usual, at the regular price. You will get the Wetproof improvement extra, without charge. You will not be able to *see* this improvement but you will know it is there when you put it to the test of shooting under conditions which only Wetproof shells can stand.

They will stay hard and smooth as usual, with the turned-over end entirely firm and top wad flat. If you can detect any difference in the results in shooting them when they "ought to" be good and wet, you will be the first to succeed in doing so. The same highest dependability and performance qualities as always

In *black powder shells*, buy the old reliable "New Club," now Wetproof sealed at turnover and top wad.

Your Duty To Be Attractive

Have Pretty Dark Hair

"La Creole" Hair Dressing is the original hair color restorer, and not a dye. Applying it to your hair and scalp revives the color glands of nature, and restores your hair to a beautiful dark shade or to its natural color. It is the only hair color restorer that will gradually darken all your gray or faded hair in this way. No matter how gray, prematurely gray, faded or lusterless your hair might be, "La Creole" Hair Dressing will make it beautifully dark, soft and lustrous. "La Creole" Hair Dressing will not stain the scalp, wash or rub off, and is easily applied by simply combing or brushing through the hair. Don't be misled into buying some cheap preparation.

USE
"LA CREOLE" HAIR DRESSING

for gray or faded hair and retain the appearance of youth. Also used by gentlemen to impart an even dark color to their gray hair, beard or mustache. Sold by Webster Bros.' Drug Store, Fresno, Calif., and good drug stores everywhere. Mail orders from out of town customers filled promptly on receipt of regular price, $1.50.

Woman's Faith Helps Husband

I owe my good health to my wife who had faith in a newspaper ad she saw of Mayr's Wonderful Remedy. I was down so badly with stomach and liver trouble after 15 years of suffering and trying every known remedy that I had no faith in anything. This medicine has certainly been a 'God-send to me.' It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Webster Bros., Inc., Druggs, and druggists everywhere.

CHESTER H. ROWELL, Editor and Manager

JAPANESE ARE RIGHT

Kings county officials acting on a tip from the Japanese Association, raided Chinese gambling joints in Armona which had been victimizing Japanese. In Fresno the police are cooperating admirably in the same movement, to protect the Japanese against these Chinese swindlers. But in many parts of the state this has not been done, and the Japanese Association has complained to state authorities, giving places and the names and addresses of the gambling joints which the local authorities have refused or failed to suppress.

These Japanese have just ground of protest. They are in America by rights granted under American law, doing work which America acutely needs done for the winning of the war. All they are asking for is the equal protection of American laws, which the constitution guarantees them, and which common right ought to secure them. We have long ago established the policy of enforcing the gambling laws on white men. There are just as many foolish white men as there are foolish Japanese, and when we tolerated our gamblers to "take it away from them" there were always plenty of victims. So we protected our own gullibles by suppressing swindlers who preyed on them. The Chinese we found harder to suppress apparently because they are a wily and persistent crew, but chiefly because we did not care much. So long as they victimized only Orientals, we did not feel any sufficient responsibility to interfere. We were wrong, and the Japanese Association is now showing us wrong, wherever this policy continues. In fact it is not only a wrong, but a humiliation, that we should have to wait for the protest of an organization of aliens, to whom we deny citizenship, to ask us to enforce our own laws in our own country. We should be ashamed.

Fresno has done well. Apparently Kings county is heeding the protest. But there are too many other places, of which the Japanese have the names and the evidence, where this is not so. The state authorities have the names, also, but owing to the cowardly refusal of the last legislature to pass the law recommended by the State Council of Defense, they are powerless, to exercise anything but persuasion. It is to be hoped that this will be sufficient. It will be, if in each place the local newspapers will co-operate.

DEMOCRATS FAILED

Nothing could demonstrate better than yesterday's women-suffrage vote in the Senate the Republican's oft-repeated assertion that the Democratic party is progressive only to the extent of the temporary personal leadership of Woodrow Wilson, but that, inherently and permanently, it is incurably parochial and reactionary.

On women suffrage President Wilson came before the Senate and made a progressive speech. It had in it two progressive doctrines, women suffrage and nationalism. As a Democratic party leader, he exerted the utmost of his power to bring Democratic support to the resolution, and even appealed to war loyalty as a motive. And, on the vote, he was sustained by the Republicans nearly three to one, while he squeezed a bare majority out of his own party. This is one way the Democratic party "upheld the President" on what he said was a war issue.

The vote was: For the measure, Republicans 27, pairs 7, total 34; Democrats 26, pairs 2, total 28. Against the measure, Republicans 10, pairs 2, total 12; Democrats 21, pairs 2, total 23.

The Republicans, therefore, even in the conservative Senate, supported a Democratic President on a progressive measure by 34 to 12, while the Democrats supported him only 25 to 23. The Republicans gave him very much more than the necesary two-thirds, almost three-fourths, while the Democrats, with their bare majority, prevented the submission of the amendment.

Another vivid illustration is a map issued last year by the American Association for Labor Legislation, showing the states which do and do not have workmen's compensation laws. Seven years ago, there was not an American state with compensation laws. Now there are 25, as against 11 which do not have them. The 11 which do not have them are the 10 Democratic states of Missouri, Arkansas, Mississippi, Tennessee, Alabama, Georgia, Florida, South Carolina, North Carolina and Virginia, plus North Dakota which is now in possesion of the non-Partisan League. The safely Democratic states which have compensation laws are Texas, Louisiana, Kentucky, West Virginia and Maryland. Every Republican and every doubtful state has them.

Make a map of any other progressive measure—child labor laws, minimum wage laws, direct primaries, initiative and referendum, universal compulsory education, factory inspection, public health administration, or anything else and it will largely resemble the map of these two tests. Practically every safely Democratic state will be found on the reactionary side of all these measures. Most or all of the Republican states and some of the doubtful ones will be found on the progressive side.

As long as Woodrow Wilson is at the head of the Democratic party, he may drag it by main strength, like a wheelless mud-sled, as near up to his own standard of progressivism (and he is more progressive than he once was) as his limited mech strength can drag so inert an object over so unpromising a way. That he has been able to drag it even a little way is astonishing enough. But the party itself has no progressive tendency—no motor; no wheels, even; and no steering gear. Relax the drag and it will stop forever, just where it is.

The Republican party is conservative enough. We have never dared claim that outside of California it "is" progressive. The most we have ventured is the assertion that it "can be made" progressive. Therefore, it is worth trying. With the Democratic party it is hopeless and impossible. Woodrow Wilson is a temporary accident. The Democratic party is a fixture, permanent and immovable. Nothing can be done with it.

APT PUPIL

While the defection of Bulgaria from the Central Powers is cause for rejoicing as palliating the beginning of the end, there need be no illusions concerning Bulgaria's motives. They are no different now from what they were when the Prussia of the Balkans cast her lot with the Prussia of the north. Then, as now, her purpose was dictated by cold-blooded self interest. But having backed the wrong horse, Bulgaria, like a better of more discretion than sportsmanship, now proceeds to cover by hedging.

With a zeal that often attends new relationships, Bulgaria now offers to join with the Allies in war upon Turkey. The offer will, no doubt, be promptly declined with thanks. Bulgaria is not worthy to fight in the sacred cause of the Allies.

While Bulgaria's course is entitled only to contempt of all civilized nations—nations that still hold honor dear—not so with Germany. Bulgaria the dupe, is now pupil in duplicity. For did not Bismarck say, "No power is bound to sacrifice important interests of its own on the altar of faithfulness to an alliance"?

Well may Bulgaria say to Germany, "the villainy you teach me I will execute." There is retributive justice in this, without conceding any moral initiative to Bulgaria.

GENERAL SMUTS BOER WAR HERO IS COMING HERE

Western Newspaper Union.

GENERAL JAN CHRISTIAN SMUTS

probably the most conspicuous figure during the Boer war, but now a valued member in British military advisory circles, is said to be planning a trip to America. What he intends doing here is unknown, but it is believed he will make purely friendly associations and connections with the big men over here. He is especially desirous of meeting and getting well acquainted with President Wilson.

RED CROSS CHIEF RESIGNS TO JOIN PERSHING'S STAFF

Western Newspaper Union.

MAJOR JAMES H. PERKINS

Commissioner general of the American Red Cross for Europe, has resigned to accept an appointment on the staff of the American Expeditionary Forces. Major Perkins' duties will be assumed by a joint commission composed of commissioners for Great Britain, France, Italy and Switzerland.

NEW YORK, Oct. 1.—"We rely on the churches at home to keep the spirit of the people white hot with patriotism and courage until victory has been won," read a cable message from General Pershing received here yesterday by Dr. Robert E. Speer, chairman of the general war time committee of the churches.

Fresno's Yesterdays

Taken From the Files of the FRESNO REPUBLICAN

Forty Years Ago.

Chance for Investment

This county affords a splendid field for the investment of any amount of capital. A large amount could find profitable investment in the erection of a woolen factory at this place. There is an annual supply of several million pounds of wool produced in this county, and as much more could be obtained in the two adjoining counties. Wool now is worth about one bit per pound, while woolen goods are worth one dollar per yard and upward. If a factory was started in this county it would benefit the sheep owners by an advance in the price of wool, and benefit the mass of our population by lowering the price of woolen goods, and would furnish steady employment for a number of families. We think there could be a company organized with a capital of, say forty or fifty thousand dollars, right here at home to start an enterprise of this kind. The different sheep owners in this county could afford to take several shares of stock just to create a market for their wool. And there is not a merchant in this valley who could not and probably but few who would not, encourage this home manufactory of woolen cloth.

Twenty Years Ago.

Quite a party of candidates at the coming election returned on Friday night from an absence of a week on an electioneering jour through the districts of Wildflower, Lake, Riverdale and Caruthers. In the party were Assessor J. P. Vincent, P. E. Peck, candidate for sheriff, S. W. Marshall, who aspires to the county treasurership; H. F. Peters, to the tax collectorship; David Cosgrave, to the county clerkship; E. A. Donahoe for recorder; M. B. Harris for the assembly; M. L. Nudd for one of the supervisorships; and W. H. A. Shaver for coroner, accompanied by Deputy District Attorney Williams and Andrew Brown of Fowler.

Ten Years Ago.

Attorney Harry E. Barbour received the gladsome word yesterday from Sacramento that Governor Gillett had granted a pardon to Charles O'Brien who entered San Quentin penitentiary at the age of 47 when sentenced to life imprisonment at Sacramento on November 28, 1882 and who will come out at the age of 73. O'Brien is the sole survivor of the four co-defendants, of the witness whose confession led to the arrest, of the policeman who forced the prosecution, of the attorney who defended him, of the sentencing judge, of the district attorney who prosecuted, and all testimony and beliefs that Mr. Barbour has been able to use points strongly to the innocence of the aged man.

NEW OPPOSITION AGAINST GERMANS

WASHINGTON, Oct. 1—The Germans are meeting with increasing opposition in their efforts to increase control in Russia. Swedish press reports received at the state department today from Stockholm said that in a recent battle with the Ukranians, the Germans lost 1500 men. German forces which have been centralized at Pskoff since the German ambassador was forced to flee from Moscow have found their position untenable and are leaving the city. The city also are evacuating Petrograd.

Food conditions in Petrograd are growing continuely worse and living conditions are utterly hopeless. Passengers who arrived in Stockholm from Petrograd September 29 said foreigners were starving, restaurants and hotels were closed. Butter costs $12 a pound. By a recent decree civilians were limited to one suit of clothes and two pairs of boots. Cholera still is raging.

A Stockholm newspaper of date of September 19 said the Turks were robbing and burning Baku. The oil reserves in that city have been fired and a state of chaos exists.

"Onward, Christian Soldiers!" By J. H. Cassel

SEEKS REPEAL OF MIXED FLOUR LAW

WASHINGTON, Oct. 1—Secretary McAdoo has joined with Food Administrator Hoover in asking Congress to repeal for the duration of the war the mixed flour law so that such flour may be milled in this country in accordance with the agreement entered into by the United States and its co-belligerents.

In a letter to Representative Rainey of Illinois, made public today, the secretary said the law is of no importance as a revenue measure. Efforts to have the House repeal the law by amending the war revenue bill failed, but a separate bill probably will be introduced.

Twa Mouthfu's o' Naething

Foch moves
A single pin
On th' war map
Spread afore him
An' a doozen towns
Are freed
Fir ever, mair
Frae Prussian rule:
He moves anither
An' great pincers
O' livin' troops,
Steel-coated
Wi shinin' bayonets,
Bite deep
Intae th' Prussian line
An' gether in
A slimy load
O' Prussian prisoners:
He shoves anither
Lichtly intae place
An' th' air is thick
Wi Allied airplanes
Thot carry
Fear an' death
Tae Prussiai hordes.
An' still anither
An' monster guns.
Be th' thoosan',
Loosen a storm
O' batterin' destruction
On deep-dug trenches
Lined wi rock:
Wi weel-thocht care
He pushes pins
Intae thot map
An' ilka pin
Drives dread
Intae th' rotten herts
O' Prussian swine
An' fetches gledness
Tae th' herts
O' decent folk:
Wi th' calm assurance
O' th' man wha kens,
He pushes pins
Intae thot map
An' millions
O' fechtin' lads
Carry his message
Ower th' tap
An' gie it tae th' Hun
On bayonet point;
He pushes pins
An' Chancellors resign.
An' Emperors an' Kaisers
Cease tae hoast
O' world dominion,
An' nations,
Neutral held be fear,
Grow bold;
He pushes pins
An' murderers,
Wha've planned
Fir fowerty year,
Tae crucify a world,
Feel halter drawin'
Roun' their guilty necks
An' whine o' innocence;
He pushes pins
An' French an' Belgian
Babes an' mithers
Smile ainee mair,
An' hope cums
Tae gentle lassies
Torn frae hames an' convents
An' fooreed tae live
A thoosan' deaths,
Be th' thick-necked scum
Th' Kaiser Wilhelm ca's
His 'noble soldiers."
Thot day is cumin'
When he'll push a pin
An' th' chiefest murderer
O' them a'
Wull haud his hands oop
High in air
An' beg fir mercy
Like th' craven dog
We ken he is:
While, in th' map,
He pushes pins,
We'll hope an' work;
Foch hauds
Wi'in th' hollow
O' this hand
Th' future o' th' world.
An' moves.
Wi careiu' fingers,
Th' decisive pins.

Yir F rien'

SCOTTY.

"You Can Just See Them Grow"

"Look at 'em!—Planted two years ago, and just see how they've taken hold! When I put them in I wouldn't have believed that blasting the holes instead of digging them would have made them grow like that. But there's the *proof* and it's the kind of proof that looks good to me. Another couple o' years and they'll be bearing. Then I can 'cash in' on my forethought in planting with *dynamite*."

"Am I glad?"

"You *bet* I'm glad that they told me about

HERCULES DYNAMITE

"Try it yourself the next time you plant. I'm not the only man who will tell you it's a good thing. Ask any man who has used dynamite."

"That isn't the whole story either; you can keep your bearing orchards in good shape by blasting between the rows every year or so. The shock of the explosion stirs up the packed soil around the roots and gives them *breathing* space. Your trees will show you quickly enough whether they like it or not; you'll see the difference in a year. They will grow better, and look better. And lusty trees bear the kind of fruit that brings the top notch price on the market."

"Why don't you send to the Hercules Powder Co. for their book, 'Progressive Cultivation'? It tells you all about the use of dynamite on the farm. You can profit by it as I did. If my copy of this book was the last one in the world I wouldn't part with it for a thousand dollars!"

HERCULES POWDER CO.

FRESNO TO CELEBRATE AT FAIR TODAY

OPENING IS MARRED BY RAIN; CANCEL EVENTS

Preparations Are Made for Big Program There Today

Exhibits Generally Are Just as Attractive as Last Year

Rain marred the opening day of the 1918 Fresno District Fair yesterday, but did not check preparations for Fresno Day, which will be celebrated today. A fine program has been arranged and a very large attendance is expected. The stores will close at noon.

Many who had exhibits which were to have been placed under canvas shelters did not install them yesterday because of the rain and in the live-stock division several entrants who had planned to bring cattle and hogs here by truck, abandoned their plans and decided not to show.

Two or three car strings of Shorthorn cattle arrived from Colorado last night, however, and this will be an added attraction in the livestock show.

The rodeo, which was to have been started yesterday, was cancelled for the day, but a rodeo program that will make up for the postponement is promised for today.

Generally, the exhibits are just as attractive as they have been in the past. There seems to be fewer commercial or industrial exhibits, and the poultry show is only a small fraction of what it has been in previous years, but otherwise the entries in the different departments are about as large as last year.

One of the most attractive exhibits is the flower show in the Agricultural building. Dahlias are the principal flowers being shown, and there is a wide variety of them.

The feature of the amateur flower show is the general display of flowers and plants from Roeding Park. The Roeding Park collection was gathered by Mr. and Mrs. T. C. Vickers and makes a very beautiful showing. Incidentally, this display took many first premiums. Included in the Roeding Park exhibit is a collection of thirty-five varieties of cactus.

The Chamber of Commerce exhibit had not been completed yesterday, so it was not possible at that time to get a definite idea as to its appearance.

The Automobile building has a fine display of pleasure cars, but a smaller array than last year, due to the war and the curtailment of pleasure car production. Trucks and tractors may be seen in all parts of the grounds.

The hog show has as one of its features the boar that won the all-around championship at the state fair at Sacramento this year.

Under the canvas pavilion, near the fair grounds office, and adjoining the Red Cross booth, the Y. W. C. A. has erected a small model of the hostess house to be found in army camps in this country and in the camps of the expeditionary forces overseas.

O. E. S. LECTURE

A lecture on "The Origin of the Order of the Eastern Star" will be given at Raising Chapter No. 89 tonight at Masonic Hall. This lecture will be of much interest, and all members of the O. E. S. are invited to attend.

SOLDIERS TO RIDE AT RODEO TODAY

Five soldiers from the remount station at Camp Fremont arrived in Fresno last night to take part in the rodeo at the Fresno district fair the balance of the week.

These five soldiers consider themselves lucky. Camp Fremont, with the exception of the remount station, is under quarantine for Spanish influenza.

The men who came here are Jack Hailonquest, Jack Kane, Eugene Hall, Robert Rowley and G. Williamson. They are all California boys.

A special soldiers' contest is being planned at the rodeo. The boys will be seen in action today.

CHECKING SYSTEM FOR MOTOR CARS

Sheriff Thorwaldson has adopted a checking system for motor cars at the Fresno District Fair. Every driver going in gets a special card check, and driving out, stops long enough to present it to the guard at the gate. In this way, nobody without his card can leave the park, and auto stealing will be prevented. The deputy sheriffs in charge are instructed to shoot the tires of any car which does not stop to satisfy the officers upon departing.

KIDDIES HAPPY; TRENCH HATS HERE!

Even if the sun isn't very bright, the kiddies' faces make up for it, for at last the long-looked-for trench hats have arrived, and all the youngsters in the country around are swarming the Republican office, their nickels squeezed tightly in their little fists, waiting their chance to get a trench hat.

These trench hats are just like the ones the boys are wearing in the trenches, except, of course, they are made of paper, and every boy and girl under 15 is wanting to wear one.

The Republican is using this means to help advertise the fair, and is distributing these hats at 5 cents each to all children under 12.

Wearing these hats means more than just helping to advertise the fair, for every child, boy or girl, who wears one of these hats and goes on to the fair grounds (any day except Saturday) will be admitted to the fair free of charge. Do you wonder the kiddies are anxious to wear the hats? Do you suppose there is any little boy or girl in town who isn't going to do his or her best to get a nickel and get one of those hats? Not when they can get in the fair free, by just wearing one.

BUSINESS WOMEN'S CLUB TO MEET

All business women interested in joining the Fresno business women's club are invited to attend the dinner at 6:15 Thursday evening at the Y. W. C. A., and are requested to send in their names to the association today.

HONOR NEW Y. W. SECRETARY

Forty home girls of the Y. W. C. A. entertained last Monday evening at the association building in honor of Mrs. Lyda Bahmer of Denver, who is now home secretary of the local Y. W. The program consisted of patriotic singing, and later Hooverized refreshments were served.

REEDLEY EXHIBIT IS AGAIN WINNER

Is Permanent Possessor of Beautiful Gold and Silver Trophy

Reedley won the blue ribbon for the best community exhibit shown at the Fresno district fair this year. With this goes $500 in cash and permanent possession of a beautiful gold and silver punchbowl, offered by the Fresno District Fair Association. Awards in the division of community exhibits were made yesterday.

Kerman won second place, Clovis third place and Selma fourth place.

Reedley and Kerman have both great trade for the past three years for possession of the beautiful punchbowl. The bowl was won by Kerman the first year it was offered. Last year Reedley won it and with each having a big interest was particularly keen this year.

The Reedley exhibit this year is a very artistically arranged display of fruits, vegetables, tobacco and a few other farm products. Its exhibit of grapes is particularly good. In the center of the exhibit is placed the beautiful trophy, won last year.

The Kerman exhibit consists of a general assortment of fruits and other farm products. Through "Portals of the Past," the visitor sees desert expanse, with a lone cowboy in the foreground. It was from this desert that Kerman sprang just a few years ago.

Clovis has a very artistic booth made of pine logs and with eaves of strips of pine bark. Within is a very fine exhibit of products grown near Clovis with figs featuring.

PUBLISHING DAILY PAPER ON GROUNDS

An interesting little paper, "Fair Time News," containing general information of the fair, is an innovation this year. It carries the program, interesting feature stories dealing with incidents or exhibits at the fair, and general information valuable to visitors. It is being edited by N. R. Cooper.

HOG RAISERS TO ORGANIZE UNIT

Primary Object to Provide Better Marketing Conditions

A meeting of hog raisers has been called by the California Swine Breeders' Association to be held at the Fresno Fair on next Friday, October 4, at which time steps will be taken to organize a Fresno county unit of the state-wide organization which is working for the betterment of the swine industry. President C. H. Cunningham of the association and who is a member of the Livestock Commission of the Federal Food Administration, will attend the meeting along with some of the state directors who are among the leading hog growers of the state.

One of the primary objects of forming county units in the principal hog centers is to provide means for better marketing conditions. During the present unfortunate time, when farmers are cutting down their hog raising on account of the high price of feed, and when the packers are paying a very low price for hogs, which though seemingly high to the casual public, was not commensurate with the increased cost of production. Better marketing conditions would have induced many farmers to stay in the pig business instead of selling out at a sacrifice.

Some of the San Joaquin valley counties already have the carload auction plan of marketing, making the pork business more profitable for the growers in these communities. This plan, on a more extensive scale, will be carried out throughout the entire state with the Swine Breeders' Association making certain that all the packers on the Pacific Coast, compete in the purchase of such stock.

The association is working on a bill to present to the next legislature requiring feed dealers to label the containers with the true contents, giving a statement of the digestive value of the feed. During the period of the high price of barley and coarser grains, many mill feeds have reached the market which some hog men contend were inferior and did not help to solve the high cost of feeding. Many states have such laws and to assure its adoption by California, the hog men have the co-operation of the dairy, beef cattle and sheep interests.

Fresno District Fair Awards

Floriculture, Nursery

Class No. 1—Plants.

Rainfall	.22
Average daily high temperature for October	75
Average daily low temperature for October	50
Highest and lowest this date	77 and 52
Record maximum and minimum this date	100 and 50
Hour and time this date last year	66 at 5 p. m.
Time of sunrise (October 2, 6:35, of sunset, 6:11	
Seasonal rainfall to date	8.2 inches
Last year's rainfall to this date	Trace
Normal rainfall to date	.81 inches

General Conditions

During Monday night rain was confined almost entirely to the central portion of this valley, while the sky remained clear in the extreme southern part of the state. During Tuesday a heavy thunder storm was noted at San Luis Obispo and the clouds in southern coast sections to Oregon. Areas of high and low pressure are poorly defined, and there is still no indication of definite settled weather.

SAN FRANCISCO, Oct. 1.—Forecast: San Joaquin valley: Wednesday, fair; unsettled weather; light winds. Weekly weather

ALLEN'S FOOT-EASE

The Antiseptic Powder. Shake it into your Shoes, Sprinkle it in your Foot-Bath.

It makes Standing on the feet easy, Walking a delight. For all men drilling for Military Service the frequent use of Allen's Foot-Ease increases their efficiency and insures needed physical comfort.

The Plattsburg Camp Manual Advises Men in Training to Shake a little Foot-Ease in their shoes each morning.

Do this and walk all day in comfort. It takes the Friction from the Shoe and freshens the feet. At night, sprinkle it in the foot-bath, and soak and rub the feet. For over 25 years **Allen's Foot-Ease** has been the **STANDARD** remedy for hot, swollen, smarting, tender, tired, perspiring, aching feet, corns, bunions, blisters and callouses. Used by the American, British and French troops in Europe. One war relief committee reports that of all the things sent out in their Comfort Kits, Allen's Foot-Ease received the most praise from the soldiers and sailors. Why not order a dozen or more 25c. boxes to-day from your Druggist or Department Store to mail to your friends in training camps and in the army and navy. Sold everywhere. Sample FREE by mail. Address,

ALLEN S. OLMSTED, LE ROY, N. Y.

SOCIETY

Mr. and Mrs. Leland Cutler and little daughter returned to San Francisco on Monday, ending a very delightful visit in the C. S. Pierce household.

• • • •

The numerous Fresno friends of Mr. and Mrs. G. T. Whitman (Mortimer Lamkin) will be interested to learn of the arrival of a little son on September 14 at their present home in Nova Scotia, Canada, where they are visiting for a time.

• • • •

Miss Alice Bracey, who has been spending some time in San Francisco, is expected to return to Fresno at the end of the week.

• • • •

Mrs. G. W. Walker will entertain on Thursday at luncheon in compliment to Mrs. Arch Jack, who leaves in a few weeks for France as a member of the Y. M. C. A. entertainment committee.

• • • •

Friends of Mr. and Mrs. Charles Barnard are congratulating them upon the arrival of a little daughter in their home in Lucerne Lane.

• • • •

Mrs. Oscar de Brettville (Maude Lillian Berri), who has been spending a few days in town with her daughter, Mrs. Paul Cox, who is convalescing at a local sanitarium from a recent operation, left for San Francisco, to spend some time before returning to her home in Coronado.

• • • •

Mr. and Mrs. Henry Breford have returned from a few days' sojourn in Oakland, where they accompanied their son, Samuel Breford, who entered the U. C. S. A. T. C. at Berkeley.

• • • •

Mrs. James Madison, Jr., entertained a congenial group of friends informally at tea yesterday afternoon, complimenting her sister-in-law, Miss Oneida Madison, who is enjoying a visit of some length in Fresno.

• • • •

Mr. and Mrs. Arthur Perkins have returned from a motor trip to San Francisco.

• • • •

Mr. and Mrs. George Helm are once more established at their country home east of town, following an extended sojourn in San Francisco.

• • • •

Mrs. Roy Stanley is visiting friends in Los Angeles.

• • • •

St. Alphonsus' Auxiliary of the Red Cross will meet on Thursday afternoon at the hall. A large attendance of members is expected to be present.

• • • •

Mr. and Mrs. George Jewett will arrive today from Los Angeles to be the guests of their daughters, Mrs. Scott McKay and Mrs. Mark Webster.

• • • •

Mrs. Ernest Kletto has returned from a month's visit with relatives at Cascada.

• • • •

A general meeting of St. James Episcopal Guild will be held today at the Mission building on Van Ness avenue. An all day session will be featured, with a basket luncheon at noon. Belgian relief work will be the interest of the meeting and all members and others interested in the work are requested to be present.

• • • •

Ensign Frank Thunburg, U. S. N., spent yesterday in Fresno, returning last night to San Pedro, where he has been spending some months. He enlisted in the naval service last March, and recently received his commission.

Mr. and Mrs. E. L. Haskell entertained a few friends informally at supper last night, preceding Ensign Thunburg's departure for the south.

• • • •

Dr. and Mrs. W. W. Cross left last night for the Bay cities to spend a short time.

• • • •

Mr. and Mrs. H. C. Meyering have as their guest the latter's sister, Mrs. Oscar Kunn, of Muskegon, Michigan.

• • • •

The Red Cross Auxiliary of the Native Daughters will hold no meeting today because of lack of materials.

• • • •

Mrs. George Bardsley, who has been spending the summer in San Francisco, has gone on to Fortress Monroe, Virginia, to join Mr. Bardsley, who is stationed with the heavy artillery as instructor there.

• • • •

A number of friends of Miss Josephine Gardner gave her a pleasant surprise party at her home on Elm avenue on Monday evening, it being the anniversary of her birthday. Dainty refreshments were served the guests being seated at one long table. With the guest of honor were Misses Eda Shimmins, Annabel Irwin, Meta Hansen, Marguerite Studer, Beth Irwin, Sadie Irwin and Esther Studer; Mrs. Laura Studer; Messrs. Frederick, Milton, Ernest and Buddie Hansen; Mr. and Mrs. Harry Hender, F. W. Hansen, Jackson, J. C. Gardner and W. F. Shimmins.

Club News

The Wednesday Club will celebrate its first meeting following the vacation season, with a patriotic rally today at the home of the president, Mrs. A. E. Chartrand, on McKenzie avenue.

• • • •

Members of the Leisure Hour Club will enjoy the hospitality of the club president, Mrs. Lucien Garrett, today, at the first meeting of the fall season. One of the afternoon's interests will be readings of war poems by Mrs. W. P. Miller.

• • • •

The Washington Gramar School Parent-Teachers' Association will meet this afternoon at 3:30 o'clock at the school auditorium. Parents of students, and those interested are invited to attend.

• • • •

The Delano P. T. A. will begin its year's work on Friday, October 4, with a splendid program at the grammar school. The president, Mrs. M. J. Collins, is full of enthusiasm and says every program is to be excellent. On Friday, Mrs. Marie Gist, the district president, will address the meeting. Mrs. Mary Ginn, home demonstration expert, will speak on the subject of "Milk," and Mrs. Walter Osborn, the county president, will discuss the work of the Child Welfare campaign. Music will be furnished by pupils of the grammar school, and a drama will be presented by the same pupils.

The officers of the association are: President, Mrs. M. J. Collins; first vice president, Mrs. I. A. Burroughs; second vice president, Mrs. F. H. Hare; secretary, Mrs. Fred Clark; treasurer, Miss Nettie Griswold.

• • • •

The Woman's Club of Tulare has arranged to hold an open meeting of the club next Saturday afternoon at 2:30 at which all relatives and friends of soldiers are invited. The meeting is strictly informal and the club members will be hostesses for the occasion. A musical program will be given.

• • • •

The Del Rey Women's Improvement Club will hold their meeting October 4. This action is taken for the sake of the Red Cross. The next meeting of the club will be held at the home of Mrs. Austin on October 11. Advance notice is also given of the address of Mrs. W. A. Fitzgerald of Fresno, which will be given at the October 18 meeting of the club. This meeting will be held in the new home of Mrs. Thomsen.

• • • •

The campaign for saving 10,000 babies in the United States, instituted by the government, was formally opened in Kern county at Bakersfield with a meeting of the executive board for the county, under the chairmanship of Mrs. Walter Osborn.

Kern county's quota to be saved is 33, and the co-operation of every parent in the county is urged to make this undertaking a success. The work will be under the general direction of the Parent-Teacher association in the county, each district undertaking the work.

Mrs. Osborn's advisory committee consists of Mrs. F. W. Hart, vice-chairman; Mayor C. L. Taylor, H. L. Tupman, Judge J. W. Mahon, Mrs. L. P. Guiberson, Mrs. Charlotte E. Jameson, Dr. C. A. Morris, Mrs. J. B. Gist, and Miss Feeny. Additional members of the board are Mrs. Mary F. Ginn, county demonstration agent; Myron A. Rice, acting farm advisor; Dr. P. J. Cuneo, city health officer; Mrs. John Osgood; L. E. Chenoweth, superintendent county schools; C. E. Teach, city superintendent; Sister Bonaventure, Mrs. E. J. Thompson, Mrs. Earl Russell, Mrs. J. Bruce Payne, Mrs. Julia G. Babcock, county librarian; Miss S. E. Bedinger, city librarian; Mrs. C. D. Whitehill, Mrs. Cora H. Jeter, Mrs. K. S. Evans, Mrs. McClain, Mrs. Cyril Garratt, G. W. McClintock, of the Delano Record; A. M. Keene, Midway Driller; Max Longfellow, Oil News of Maricopa; J. E. Evans, owner of the Tehachapi Tomahawk and Mojave Press; A. W. Thresher, of the Wasco News; E. E. Smith, county clerk J. E. Hamilton, supervisor of the Taft schools.

• • • •

The Selma Wednesday Club will begin the new club year on October 2 with President's Day at the home of Mrs. C. S. O'Bryan on North McCall avenue. The year books will be given to the members at this meeting and the club will continue its custom of devoting half its meetings and all of its funds above running expenses to the women's war work.

$82.50 for 3-ton wagon gears. Just a few left. W. J. O'Neill Co.

TRAFFIC OFFICERS WOULD ENACT LAWS

Embodying all to best features of motor laws and regulations and making them uniform throughout the country from New York to San Francisco, will be the object of the State Traffic Officers' convention to be held in Los Angeles, December 2-7 inclusive, is the gist of a statement from City Traffic Officer Nicely, who returned yesterday from a convention of the National Traffic Officers' organization at Oakland. While much of importance relating to traffic was gone over, considerable is expected to be accomplished at the coming convention at Los Angeles.

It is intended to revise all of the old motor laws and enact new ones that will cover all situations that may arise later. Efforts will be made to have them enacted by the legislature. Some of the new features are that all county traffic officers be placed under the authority of state officers while no one but the police patrol, fire apparatus and ambulances be allowed the use of the siren. It would also be a misdemeanor for any one to step off the curb or cross the street, when a fire alarm is sounded.

Traffic officers to be allowed the privilege of running at full speed while in the pursuit of criminals.

Parking laws to be standardized all over the state of California and every applicant for a motorist's certificate should give a practical demonstration of his ability to manage a car before either the chief of police or traffic officer.

They would make it a felony instead of misdemeanor for a drunken man to operate any kind of a vehicle.

At the meeting held in Oakland yesterday the following officers were elected: Corporal J. G. Wallin of the Oakland police, president; Chief of Police Warren of Seattle, vice-president; Chief of Police Johnson, Portland, Ore., secretary; Sergeant Mahoney of San Francisco, treasurer; Chief of Police Anderson, Phoenix, Ariz., sergeant-at-arms and Quinlan, formerly of Fresno, but now of Oakland Tribune, press agent. The next convention will be held in Seattle some time in 1919.

Officer Nicely, who returned on the patrol motorcycle, reports the weather fair until reaching the country five miles this side of Merced, where the rains began.

RAIN, HUMIDITY SEPT. FEATURES

Weather Indications Still Uncertain, Continued Unsettled Today

The monthly weather report by W. E. Bonnett, local forecaster, as given out yesterday stated that the most conspicuously abnormal features of September weather were the large number of days with rain and the high average per cent of humidity.

Five Septembers in the last 32 years have had more rain than this one but none have had so many rainy days. Measurable rain fell on September 7, 21, 27, 28, 29 and 30, and amounts too small to measure fell on September 11, 12 and 13, with a total of .53 inch. For the month of September, the average number of days with measurable rain is one.

Humidity for the month averaged far higher than for any other September in the record. The average per cent of humidity at 5 a. m. and 5 p. m., respectively, was 77 and 32. The September normal for those hours is 63 and 22 per cent.

The temperature average for the month was about two degrees below normal. The first two days were warmer than normal and the monthly maximum of 98 degrees occurred on the first day. The lowest was 51 degrees on September 23. On account of unusually high night temperatures the closing days were also much warmer than the normal.

Reports from all stations in the coast states at 5 p. m. yesterday gave no certain indications of improvement in local weather conditions. Monday night's rain was confined to the central portion of this valley and the weather was clear in the northern and southern parts of the state but rain fell on the central coast during Tuesday and the cloudiness had spread northward.

The barometer continues unusually high and centers of high and low pressure are poorly defined resulting in a very stagnant circulation over western states generally. A less uniform pressure distribution would result in some wind and more definite indications of a change.

While the indications are uncertain, Bonnett stated last night, the probabilities are that the weather will continue unsettled on Wednesday but with partly overcast sky and some sunshine. The wind is likely to be very light.

TO DEAL WITH WAR BUILDING PERMITS

All city clerks in Fresno county have received notification from the Fresno county non-war construction committee that before permits for construction can be granted the permit must receive the approval of the non-war construction committee, according to an announcement made yesterday by Thomas E. Risley, secretary of the committee, at the office established at 204 Cory Building.

It was stated that all applications to the committee must be in the form of an affidavit showing the reason for the proposed construction. By doing this, Secretary Risley said, much trouble will be saved both to the committee and to the persons interested.

According to the instructions of the war industries board the local committee may approve of farm building construction up to a cost of $1000, and repairs of any description up to $2500, without going further. All other construction is passed upon by the committee which then submits it to the State Council of Defense in San Francisco, which forwards it to Washington where final judgment is given.

The committee yesterday was busy most of the day granting permits for the erection of raisin dryers.

FIELD SECRETARY TO ADDRESS C. E.

A series of rallies in the county are to be held by the Christian Endeavor Union when Paul Brown, field secretary, will be the principal speaker, according to an announcement made yesterday.

The first meeting of the series will be held at the First Presbyterian church in Fresno this afternoon at 3:30 o'clock, when the field secretary will address a group of high school students. Mr. Brown goes to Selma in the evening, where he will address another rally composed of members from Selma, Fowler and Monmouth.

On Thursday Mr. Brown will speak at Clovis high school in the afternoon and will address a rally at the First Presbyterian church of Clovis in the evening.

At the conclusion of the county rallies Mr. Brown goes to the southern part of the state, and will return to Fresno next Tuesday to hold rallies in other towns in the county, according to arrangements to be made by Laurence Downen, president of the Fresno-Madera Christian Endeavor Union.

MORE TESTS TO BE HELD AT P. O.

Seven civil service examinations for the middle of October and six tests at open dates have been announced by B. A. Dorland, secretary of the local civil service commission. Application blanks and further information regarding the examinations may be obtained from Dorland at the Fresno postoffice.

The following examinations are to be held at open dates: Junior aid (male and female), inspector of telephone equipment (male), inspector of telegraph equipment (male), inspector of radio equipment (male), inspector of vehicles (male), inspector of field glasses (male).

The following tests are announced with corresponding date: Forest and field clerk, October 26; dictaphone operator (male and female), October 15; apprentice fish culturist (male), October 16; heating and ventilating engineer and draftsman (male), October 22; fuel inspection engineer (male), October 22; pulp and paper engineer (male), October 29, assistant in plant nutrition (male and female), October 23.

CLUB COMMITTEES TO MEET.

All the committees of the Commercial club of Fresno will meet next Tuesday at the Commercial club at noon to make arrangements for the club's affairs for the coming year, according to a decision of the board of directors at a meeting held yesterday.

The other business of the board was of a routine nature.

Grand Military Ball given by the Home Guards at the Auditorium Saturday night, Oct. 5. Beginning of the season's dances.

COURT DENIES R. R. COMMISSION HAS CANAL AUTHORITY

State Tribunal Affirms Hemet Decision in Irrigation Case

Fresno Canal Co. Does Not Own Canals, Cory Declares

The State Railroad commission exceeded its jurisdiction when it fixed rates charged by the Lake Hemet water company to several hundred land owners near Hemet, Cal., the California supreme court ruling yesterday in adhering to its original judgment in the case, following a re-hearing. Judge Curtis Wilbur dissented. The Fresno Canal & Irrigation Co. had intervened in the action in support of the Railroad commission contention.

Opinions as to the bearing of the ruling varied widely among Fresno attorneys. Water users hailed the ruling as a victory for the landowners under the Fresno Canal and Irrigation corporation canals and allied irrigation systems.

"Upholds Contracts"

"It is an important victory for the water users," said L. L. Cory, attorney for the users as amicus curiae, in the hearing held at Los Angeles last spring. "The validity of the contracts between the water users and the canal company is upheld, and the canal company will not be able to raise the rates or to hold its claim of ownership of the canals as a club over the heads of the water users.

"The supreme court of the United States has already expressed the view that the water is appurtenant to the land. The water users' contention is that the canal company does not own the water of the canals, but that it only has the right-of-way over the farms, incident to the contracts. "The ruling affirms the previous decision, and the legal status is fully defined. The water must be applied to public use. If the canal company does not so apply it, it will lose all its rights."

The contract provides for an annual payment for water. Mr. Cory thinks the water situation will remain in the same status for some time. This will give the users an opportunity to assert their rights through the courts, and action on these matters should not be deferred in his opinion. The situation here has been so befogged that it is important that the users do not lose sight of the true state of affairs.

Water Until 1921

"It is clear enough that the court upholds the original contract rights, he said. The rights belong to the land owners. The company in my view simply has contracts to deliver so much water according to agreement, for which the farmer lends the right of way and pays an annual rental. Of course some of these things have not yet come to the courts, and have not been fully described. But one thing is certain, the laws and courts of the states will require the water to be delivered until 1921, and the courts will then be in a position to decide the future relationships. The contract is sacred in the eyes of the law."

The rights, he holds, are not those of the canal company to give, but the company as a quasi-public corporation must continue to supply the water to the user until the end of the contract-term, and thereafter until the whole matter is settled on a legal basis.

COPYISTS' CASE AGAIN POSTPONED

Judge W. M. Conley of Madera, who was selected to hear the copyists' case in place of Judge H. Z. Austin, who disqualified himself, also disqualified himself at the hearing yesterday on the ground that Carl Lindsay, attorney for the plaintiffs, had talked to him of the case while on the way to San Francisco when the case was appearing before the district court of appeal. On this ground, Judge Conley said that he could not judge fairly in the case, and accordingly disqualified himself. It was decided to ask Judge M. L. Short of Hanford to try the case.

The attorneys on both sides declared that they were entirely willing to have Judge Conley act, even though the case had been discussed in conversation with him, and he had expressed opinions on it. They said that they did not consider he would be biased. It is expected that the case will be decided today.

MEETING TO HONOR SERBIAN OFFICERS

Serbians and Jugo-Slavs of the Fresno district will meet in the Woodman hall this evening at a farewell reception to Captain S. Milutinovitch and Lieutenant S. Vucetich, who have been in Fresno for the past week in the interests of recruiting for the Serbian forces.

Both officers leave Fresno on Saturday morning at 11:30 o'clock for Seattle, and after a short time there will proceed to Canada. The program for this evening will be informal and will consist of dancing and literary and musical selections. Both officers are veterans of the Balkan war and of the present conflict. Captain Milutinovich has been wounded six times.

L. U. B. F. HOLDS FIRST MEETING

The L. U. B. F. club of the Y. W. C. A. met last night in the association parlors for the first time since summer vacations were completed. It was decided to postpone the annual election of officers for two weeks. A nominating committee was appointed by the president, Kathryn Avery, consisting of the following: Rosamond Williams, Carnet Fowler, Thelma Bishop.

Plans were discussed for a membership campaign, with the following recruiting committee appointed: Garnet Fowler, Druzella Marcum, Irene Sandsbury, Thelma Bishop and Rosella Harrison.

Gonda Zaretska, Ruth Guiner and Vera Nicholson compose the committee to arrange for a Hallowe'en party on the last Thursday of the month.

COVER CROPS GET NEEDED MOISTURE

Grain Farmers Benefit by Pulverization of the Soil

The recent rains that have brought consternation to fruit men have been of assistance to grain and general farmers, and have helped those orchardists who are planting cover-crops, or green manure crops, according to Farm Advisor Leroy H. Smith. The soaking rain has pulverized clods and mellowed the surfaces of plowed fields, making it possible for the grain men to get the seed bed into first-class condition.

If the rains continue fall grazing may be improved.

The cover-crops, held out as one of the hopes of retaining permanent fertility, are to be given a good start, whether irrigation may be had or not. More growers than in the past are expected to plant Melilotus indica, burr clover and other crops. The Melilotus indica clover is held in greatest favor of the plants at present available. Seed is also obtainable.

In addition to the individual enterprise, a dozen leading growers in various sections of the county are planting experimental green manure crops. They are furnishing the land and the facilities, and W. E. McCutcheon, assistant advisor, will keep a close check on the growth, thrift and production.

The greatest danger of an early rain to the agronomist is that grain will be sprouted, without enough moisture to prevent it perishing before the next rain. Cover crop seed are not so easily injured by drouth.

SCHEDULE GIVEN OF NIGHT SCHOOL

As a bit of the war program and for the convenience of students, the Fresno night school is being held open four nights a week, with the following schedule: Bookkeeping, M., T., W. Th., R. F. Aspinall, instructor; bookkeeping, M., W., or T., Th., R. F. Aspinall; business arithmetic, M., W., J. F. Bowers; penmanship and spelling, M., W., J. F. Bowers; commercial law, M., W., F. M. Wortman; ignition and batteries, T., Th., Mr. Wortman; forging, brazing, oxy-acetylene welding, M., W., H. Otto; woodworking, cabinet making and wood turning, M., W., H. C. Wienke.

Last evening a class in physical training for women was started under the direction of Miss M. Van Arisdalen, an experienced instructor in women's athletics. The work will consist of light gymnastics, folk dancing and games. Class will be in session each Tuesday and Thursday from 7:15 until 9:15 p. m.

W. M. Cowan, principal of the Fresno evening high school, will be in the high school office for conference each evening school is in session from 6:45 to 9:30 o'clock. During the day information regarding courses or class schedules may be obtained from the high school office.

WHEAT GROWERS CONVENE TODAY

Wheat growers are interested in the Council of Defense Farm Bureau wheat meeting at the city hall at 10 o'clock this morning. New calls and letters were received by the farm bureau and by the Chamber of Commerce yesterday, and a good attendance is assured. The demonstrators will have their apparatus here.

The proposed "Stanislaus plan" for underwriting farmers will be discussed. Most of the interest, however, will be in getting approved areas planted by practical and successful farmers ready to plant. Some plans may be adopted for the less promising cases. The object of the meeting is to put Fresno county over the top" in wheat production. The quota required by the national needs is 40,000 to 50,000 acres.

MUST REGISTER BY OCTOBER 5 TO BE ABLE TO VOTE

Is your name on the great register of your voting precinct?

Only those who have registered since January 1st of this year, from the precincts in which they now reside, will be allowed to vote at the general election November 6. Registration closes October 5.

Any citizen of the United States, States, who on November 5 will have been in California one year and in the county ninety days and in the precinct thirty days, may register at once.

Arrivals Overseas

Left to right, Ward M. Whitten, Sergeant Geo. H. Greenwood, Earl G. Browne

Word has just been received by Mrs. M. J. Purdy, 550 Inez street, of the safe arrival overseas of her cousin, Sergeant George H. Greenwood, with Company L, 159th infantry.

Earl G. Browne of Ninpinawnsee, Madera county, has arrived overseas with Company E, 115th Engineers. He was formerly stationed at Camp Kearny. Word was received by his father, George Browne. He enlisted at Raymond.

Ward M. Whitten of Company C, Fifty-fourth Ammunition train, has arrived overseas, according to word received by his parents, Mr. and Mrs. A. E. Whitten, on First street. Shortly before leaving for Europe he married, in San Diego, Miss Ella Staab of Los Angeles.

NORMAL STUDENTS' FUND IS NOW $200

The rebate on the amount of purchases made at the co-operative store of the Normal school for the past year amounted to $100, according to a report made to the students' body. This amount the students decided that instead of dividing it among the students the sum should be used to purchase a Liberty Bond, and the bond turned over to the students' loan fund.

With the addition of the $100 bond the fund is reported now to have a total capital of $200, but only $60 of this is available in cash for the use of students who are in need of temporary financial assistance.

BOOK AGENTS TRIED.

S. P. Cox and K. W. Martin, arrested on September 19 on the charge of having represented themselves as government agents in trying to get the public to buy account books, were tried in Judge Graham's court yesterday and the case submitted after argument. The prosecution was conducted by Attorney Ben H. Johnson of the district attorney's office.

WOMAN FALLS FROM CAR.

Mrs. Marie Haure, 1935 Van Ness avenue, fell and received scalp wounds, while alighting from a running street car at Brewer and Forthamp avenues yesterday evening. She was taken to the emergency hospital, where first aid was administered by Dr. Kjaerbye. She was later removed to the county hospital.

Sheriff Thorwaldson returned from Los Angeles last night and reported that he and about twenty-five other motor parties were forced to turn back on account of the Tejon Canyon landslide and make a detour of 150 miles to reach home.

FARM LOAN BANKERS SURVEY VALLEY RESOURCES

President Joyce of Western Bank, Aronow of Washington Here

Meet Co-Operative Market Officials and Bankers

Federal banking aid to the farmers' co-operative organization, and greater appreciation of the business principles underlying production and marketing, are gradually revolutionizing ranching in California and revitalizing the agriculture of the nation. This view was expressed by W. H. Joyce, president of the Western District Federal Farm Loan Bank of Berkeley, and Dr. Boris A. S. Aronow of Washington, D. C., chief of division of economics and statistics, Federal Farm Loan Board. President Joyce and Dr. Aronow last night completed a two-day survey of Fresno county farm resources. R. L. Underwood, Loan Bank Appraiser, accompanied them.

President Joyce said the loan bank had placed about $8,000,000 in California and about $1,250,000 in Fresno county. Joyce has often visited Fresno county and owns property here. One of the big problems of the county, he says, is drainage, and in appraisals the possibility of water-logging is always taken into consideration.

No Farm Charity

"It is noticeable that the farmers have about gotten over their first idea that the Federal Farm Loan Bank is a charitable institution," he said. "They realize that its usefulness is founded on its demand for the very best security. For the United States government does not lend cash to the bank to lend to the farmer, but every loan is secured by bonds, and the bonds cannot be sold for cash unless the buyer is absolutely satisfied. The banks are of the very greatest service, however. They lend at low rates of interest, and for long periods, permitting of farm development while the debt is being paid.

"The growth of the co-operative spirit in farming and marketing is the finest sign of the times. Co-operation will get markets, secure loans, drain land, improve credit and build dams like the proposed Pine Flat dam.

Permanent Progress

Dr. Aronow is making a tour of the entire country.

"I think I got a true conception of the resources of Fresno in two days," he said. "Few who have not been here can have any adequate idea." He predicted that California would find itself in close accord with the rest of the financial world and would continue in prosperity after the war.

"One of the big problems which Secretary Lane and others are working on at Washington is how to get land and credit for the soldiers and to give them a fair opportunity to make a living after the war. Some of the large holdings in the west may be acquired, and the men be placed in possession of farms."

He thought that a proportion of the peoples of Europe, after losing their relatives in the war, would be anxious to get away and that many will come to California.

An informal meeting of bankers and representatives of co-operative associations in Fresno and the central part of the San Joaquin valley was held at the Hotel Fresno Monday night, when the entire farm loan situation was gone over and small changes in methods of appraisal and terms of loans were discussed. Among those who were able to answer the invitation to meet the president and Dr. Aronow were:

Carl W. Christensen, Selma; C. A. Tackaberry and H. C. Wuerth, Reedley; H. A. Ross, A. J. Hattinger and M. Whitman, Fowler; E. Ed. Petersen, Kingsburg; Dr. N. A. Sanders, Chowchilla, Carl Lewis, Dinuba, Henry Bata and L. A. Teague, Clovis; M. Deneen, Reedley; Max B. Jamison, Porterville, and Wylie M. Giffen, Fresno.

SALVAGE SHOP TO BE CLOSED TODAY

The ladies of the First M. E. church, with Mrs. T. E. Mabee in charge of the salvage shop yesterday, added to the coffers of the Red Cross the sum of $83.25, the result of the day's sales. The shop is to be closed all day today, to enable all helpers to attend the district fair, but tomorrow will resume its sales, with the ladies of the Grace M. E. church in charge.

In conjunction with the salvage department, a "hot dog" booth is being operated at the fair, and also an ice cream booth, the latter as a branch of the Liberty tea room, with Mrs. E. A. Williams and a corps of assistants in charge.

The "hot dog" booth is to be taken in charge each day by different organizations who are announced as follows:

Wednesday, Westminster Presbyterian Aid Society; Thursday, Ladies of St. John's Catholic Society; Friday, the Masonic Red Cross Auxiliary; Saturday, the North Park Red Cross Auxiliary.

At the Tea Room in the Liberty theater last evening eleven dollars was taken in. This place is fast becoming a popular refreshment room.

CAR SKIDS; THREE ARE PINNED UNDER

Due to the skidding and turning over of their car, Duncan Campbell, Mrs. I. A. Hodges and her daughter, Mrs. C. R. Rice, all of Turlock, were injured when about a mile and a half north of the San Joaquin river early yesterday morning.

Mrs. Rice and Campbell were the most seriously injured, receiving spinal injuries, according to Dr. W. T. Burks, who is attending them. Campbell may also have been injured internally; an X-ray will be taken today. Mrs. Rice and Campbell were both taken to a local sanitarium, where they were reported to be resting comfortably last night.

Mrs. Hodges, whose injuries were only slight was taken to the home of her daughter, Mrs. R. L. Payne, 934 Mildreda avenue, where the party had intended visiting.

ATTENTION

All members of Danish Brotherhood Lodge No. 67 are hereby notified to meet at Odd Fellows Hall Friday, October 4th, at 9 o'clock a. m., sharp, to attend the funeral of our late brother Jacob Hansen.

R. F. W. ANDERSON, Secretary.

WHEN YOU WANT A TRUSS

Abdominal supporter go to Smith Bros. Drug Store. They are expert truss fitters and fit the hard to fit. Private fitting room.

APPEAL FOR JELLY FOR R. C. PATIENTS

Sick Soldiers of Pacific Division to Receive Gifts

An appeal which will make its way to the warm hearts of Fresno housekeepers, was received yesterday by William Glass, chairman of the Fresno chapter, American Red Cross, in a letter from John L. Clymer, director of the bureau of development of the Pacific division in San Francisco, asking for jams, jellies and preserves for sick and convalescent soldiers in the base hospitals and Red Cross houses of the Pacific division camps.

Any responses to the letter which is given below, may be made to Mrs. Al Braverman, secretary of the Fresno chapter, Edgerly building, phone 318.

The letter is as follows:

The Bureau of Military Relief has requested that we procure from the chapters a supply of jams, jellies and preserves, for the use of sick and convalescent boys in the base hospitals and Red Cross houses of the Pacific Division Camps. Specifications are unnecessary, as the women of your chapter know just what their boys would most appreciate under such conditions.

This letter is written to a few only of the main chapters in the front district that I know would be eager to assist if given the opportunity.

Either glass or paraffine containers, if properly packed, will serve. If possible, please ship from 50 to 100 jars of any of the above as follows.

American Red Cross,
William W. Price,
Associate Field Director,
Camp Fremont, California.

Please report amount of your shipment to this office and advise us as to what additional quantity you can supply during this fruit season.

COUNTY SHORT OF SCHOOL TEACHERS

Increase of attendance at the schools and shortage of teachers are the problems which the county board of education is attempting to solve at present, according to E. W. Lindsay, county superintendent of schools, yesterday.

Millerton, Pine Grove and Crescent schools are without teachers, and Scandinavian school has increased its attendance so much in the present session that another teacher is needed. It was stated, but the school funds were not sufficient to cover the increased cost of adding to the staff. It was announced that Roeding school have to add another teacher to the staff, thus increasing the staff from two to three.

PERSONAL MENTION

Mr. and Mrs. E. M. Kuster, Call Clubb, R. L. Murray, C. E. Van Horn, R. Turner of Sacramento are registered at the Hughes hotel.

Mrs. D. M. Linnard and Mrs. Frank Pommip of Pasadena are registered at the Fresno.

Mr. and Mrs. A. K. Bates registered at the Hughes yesterday from Modesto.

W. J. Parker of Hanford is stopping at the Fresno hotel.

Sidney Friday of Oilfields is a registrant at the Sequoia.

Mr. and Mrs. George Cox of Stockton are registered at the Fresno.

A. H. Patterson of Stockton is registered at the Fresno.

J. Mitchell of Hot Springs registered yesterday at the Sequoia.

Howard G. Parrish of Visalia is stopping at the Fresno.

The meeting of the Ladies' Aid of the Easton Methodist Episcopal church has been postponed until October 10th on account of the county fair.

Daisy I. Reevers, a 17-year-old girl, died yesterday at a local hospital. Funeral arrangements will be announced by Stephens & Bean.

DEATHS

HANSEN—On Orange avenue, near Fresno city, September 29, 1918, Jacob Hansen, beloved husband of Mrs. Agnes Hansen, loving father of Wallace, Jessie and Mary Hansen all of Fresno; Alex and Alfred Hansen of Camp Fremont and Mrs. Katherine Shepherd of Missouri; a native of Denmark; aged 68 years, 10 months, 11 days. Friends and acquaintances are respectfully invited to attend the funeral services Friday, October 4, at 10 o'clock a. m., from the Presbyterian church at Easton. Interment in Washington Colony cemetery. Stephens & Bean, funeral directors.

MADARY—At Hermosa Beach, September 19, 1918, Julia A. Madary, beloved wife of M. R. Madary, a native of Indiana, aged 60 years, 7 month, 4 days. The funeral services will be held at Stephens & Bean's chapel this (Wednesday) morning at 10 o'clock. Friends and acquaintances are respectfully invited to be present. The remains will be cremated in Stephens & Bean's vaults awaiting the completion of the Fresno Mausoleum.

BORN

ELLISON—In Fresno, October 1, 1918, to the wife of Royce Ellison, 1561 Roosevelt avenue, a daughter.

All Registrants Must Watch for Questionnaires

Questionnaires are being mailed each day to ten per cent of the total number of draft registrants in Fresno city and county between the ages of 19 and 20, inclusive, and 32 and 36, inclusive.

Each registrant is allowed by law seven days from the date of the mailing of his questionnaire to return it, properly filled out, to his Exemption Board.

All registrants are urged to consult attorneys named by the Bar Association before attempting to fill out their questionnaires. No charge is made by these attorneys for this service.

Oil News

CHROME INDUSTRY BECOMES LIVE ONE

SAN FRANCISCO, Oct. 1.—Albert Burch, consulting engineer attached to the Bureau of Mines, has given out information relative to the chrome industry in California and Oregon, says the Examiner

Relying on the representations of the Federal authorities that chrome was urgently needed for the winning of the world war, hundreds of chrome deposits in twenty-four counties in this state have been brought to productivity by the expenditure of several million dollars of capital and much hard work in building roads and developing this new mining industry. For several months the price of chrome ore, based on the unit content of chrome oxide, was sufficiently high to stimulate production, but a couple of months ago the price was cut, with the result that the smaller producer found himself shipping, if not at a loss, at least at a figure which barely paid him ordinary interest on the amount of his investment.

The news embodied in Burch's information is that the War Industries Board has decided to protect the Pacific coast producer of chrome ore by assuring to him the continuance of the basic price which prevailed last summer and is as follows:

"The mining of chrome ore is peculiarly an industry of California and Oregon and a great many people are interested in its production. There has for some time been a great deal of uncertainty concerning the attitude of the government, more particularly the War Industries Board, with reference to future production.

"The following extracts from telegrams received from the War Industries Board should, therefore, be of interest to many of your readers and I therefore hope that you will see fit to give them the publicity which they seem to deserve:

"'New survey of chromite situation gives every indication that the tonnage of domestic chromite produced during balance of this year can be sold at the flat price prevailing this summer. If unable to find ready market for ore, wire this office, giving tonnage and guaranteed analysis and price.

"'Sanford, War Industries Board.'"

"'The second telegram, received today, is as follows and is signed by the same gentleman:

"'It may be announced that it is the present intention of the War Industries Board to arrange for continued chromite production in the United States for the first half of 1919 at a rate proportionate to the rate of 1918 production, and the trade will be asked to purchase chromite produced in the United States during the first half of next year at this rate.'"

"'I might add that the industry in California and Oregon has been built up at the earnest request of the War Industries Board, acting through the Bureau of Mines, but has reached a point where no further extension is desirable. The chairman of the board, however, expressed to the writer his sense of responsibility on the part of the government for inducing prospectors, miners and capitalists to engage in the production of chrome ore and his fixed intention to afford those already engaged in the business such reasonable protection for their interests as his department can give.'"

WATER TESTS ARE BEING INCREASED

McKITTRICK, Oct. 1.—The importance of tests for water shut-off in well work is at present in progress is shown by the fact that the number of such tests for the week totals thirty, these made in twelve of the seventeen fields in the state, and the property affected being owned by eighteen companies, included in the list of which are some of the largest in the west. That the layman may understand how important to the oil industry is the water test, an official statement heretofore made may be quoted: "The damage done to oil fields by water arises from the fact that when water is admitted to a sand stratum, saturated with oil, it tends to displace the oil. If the entrance of water is at or near an oil well, it frequently drives the oil away from the well, which then only produces water. This process also continues along the strata and affects neighboring wells in a like manner." Permits for tests were this week granted to the Southern Pacific Company for four in the Midway field; the Chanslor-Canfield Midway Oil company (Santa Fe) for two; California Star Oil company, for two; and the St. Helen's Petroleum company, Combined Oil, Syndicate Petroleum, and the Petroleum Midway company, for one each, also in the Midway. The Union Oil company, P. Welch and the Southern Pacific company each obtained permission to make a test in the Sunset field.

In the Belridge field the Union Oil company, which has been active for some time in development work in section 30-27-20, where good producucers have been brought in, is testing No. 2 and No. 10. The General Petroleum corporation, with a big string of wells in section 2-29-21, and the Marina Oil company, a subsidiary of the General Petroleum, are each conducting a test. The Marina lease is section 3-29-21. On the North McKittrick front the Standard Oil company, in section 6-30-22, is testing well No. 1.

The Coalinga field reports two water tests one by the Coalinga Mohawk Oil company, and the other on the Shell Company property.

Well No. 1, in section 28-20-21, located 10 miles from McKittrick and on the North McKittrick front, has been abandoned by the Standard Oil company.

Operators in the Montebello and other fields have of late been quite active in the sinking of new wells and the bringing in of producers with encouraging initial output, and besides this character of work have looked with much care to the water question. Well No. 2 of the Petroleum Midway company, Ltd. in section 6-2-14, Montebello, is undergoing a test, and in the Casmalia district the Doheny Pacific Petroleum company, operating on Lease 1, has crews handling No. 14 and No. 18. The Doheny company has a well in the Simi field, and the Standard Oil company one in the Coyote Hills under observation, while the Palmer Union Oil company in Cat Canyon and Oak Ridge Oil company in the South Mountain field are awaiting the result of attention given a well.

REPUBLICAN SUBSCRIBERS SHOULD PAY

As announced before by this paper, the War Industries Board, a Federal Government department at Washington, D. C., has issued the following order to the newspaper publishers of this country:—

"Discontinue sending paper after date of expiration of subscription unless the subscription is renewed and paid for."

This order is a part of the nation-wide movement for conservation as a war measure. It was not initiated by the publishers but by the Government. It is an order TO the publishers and must be obeyed. Consequently, every Republican subscriber who is in arrears on his subscription should pay up before October first, when this order goes into effect, and thereby make it unnecessary to have the order enforced against him.

Please do not wait for a collector to call.

RAISIN MEN FIGHT MOULD AND WAIT FOR FAIR DAY

Ninety Per Cent Muscats in the Balance as Storm Passes

Heroic Work Necessary to Salvage Crop; Sulphur May Be Used

Although about 90 per cent of the Muscat raisin crop was exposed to the elements yesterday, the California Associated Raisin Company officials were still sanguine of saving the bulk of it, especially in view of the fact that fair weather was predicted for today. In fact, it was stated that if the sun should come out warm and the breezes spring up today, practically nobody will of necessity lose his crop. Some damage has been done already, but heroic work today, like that of the last two days in the endeavor to keep the fruit in the free air, will save the most of it.

The crops on paper trays are in a most critical condition. By using new paper trays, it should be possible to save most of them, if the weather remains quite favorable.

Most of the growers stayed strictly at home yesterday, and prepared to erect drying houses and to turn their raisins the minute the sky cleared up. Even with the most favorable weather, dryers will have to be resorted to in many cases. Sulphuring is a new method that is also expected to save part of the crop. Owing to the immense bulk of the Muscat yield, only a favorable turn of the weather can mean general salvation. And no man can be quite sure of the weather, the growers say.

WAR NEEDS FOR GIRLS OUTLINED

Three speakers addressed the assembly of high school girls yesterday morning on topics of war interest, including Red Cross, the nursing profession and the girl reserves of the Y. W. C. A. Miss Florence Robinson and Miss Lucy Thomas of the faculty spoke on the first two issues, while Miss Myrtle Russel, girls' work secretary of the Y. W. C. A., outlined the girl reserves movement.

MEXICANS HELD TO ANSWER.

Pedro Perez, C. Caramella and Damian Serrano, three young Mexicans recently arrested on the charge of having stolen auto tires from the West Side garage, appeared in Judge Briggs' court yesterday and were held to answer under $1000 bonds each.

SEAT SALE F. M. C. OPENS AT WHITE

Fine List of Attractions Are Booked For Season

Seat sale for the subscribers to the Fresno Musical Club's series of concerts opens today at the White theater, and the public sale commences tomorrow at 1 o'clock at the same place. The club is to offer some exceptional attractions this season, and it is a matter of interest that each of the artists who are being booked for western engagements under the Behymer Bureau are signing loyalty pledges.

One of the biggest drawing cards on the list of artists will be the return engagement of Josef Hofmann, the Polish pianist, who is slated for a Fresno engagement some time in February.

SELMANS COME OUT FOR WAR DRILL

Fresno Officials Assist; Kingsburg Tomorrow; Clovis Friday

The draft men of Selma organized 100 strong for voluntary military drill last night. They will meet on Mondays and Wednesdays at 7:30 o'clock in the evening.

Frank A. Human, district chairman of the Council of Defense; Judge M. K. Harris, four-minute speaker, and Captain S. L. Gallaher of the National Guard went from Fresno to Selma to assist in organizing. Sergeant White, who has seen seven years' experience with the army, will drill the men.

J. J. Vanderbrugh presided at the meeting. No attempt was made to drill, but the names of the men were taken, and a total enrollment of 200 is promised within a week.

Captain Gallaher will drill the Fresno men at the Armory in Fresno tonight. He will go with Mr. Human and a four-minute speaker to Kingsburg tomorrow night to organize a company there. The meeting will be held under the auspices of a local committee at the high school.

Friday night they will go to Clovis, where Gordan Laing and local men are planning to call the men together.

MEDICAL SOCIETY MEETS.

The medical society of Fresno met at the University Club last night with about twenty members present. After the business meeting they were addressed by Dr. Henry R. Harrower of Los Angeles.

FOURTEEN NEW TEACHERS ON ROLL OF FRESNO HIGH SCHOOL

A glance over the program of the Fresno high school shows fourteen names of new teachers in the school this year, all but one of whom are recent arrivals in Fresno. There is a total staff of sixty-three teachers. School authorities are well pleased with the selection of teachers in every instance, and feel that from their previous training and experience they are fully qualified as instructors of their respective courses.

M. H. Hockenberry, new instructor of physics, was graduated from the Dickenson College at Carlisle, Pa., in 1902, and the year following became a science teacher in the high school at Eugene, Oregon. For two years he was principal of the Eugene high school, and in the latter part of 1905 and in 1907 was superintendent of schools at Ilwaco, Washington. With principalships of Crook county high school at Prineville from 1907 until 1910; Imperial Valley union high 1910-16, and of Burbank high school 1917-1918, Hockenberry comes to Fresno high with an unusual record.

Miss Daisy S. Dowling was an instructor in the Potts Business College in Pasadena before coming to Fresno high school to take up her work in the commercial department (typing). Miss Dowling was originally from the Michigan high school at Hastings.

J. F. Bowers, formerly of Lindsay, taught in the Porterville high school for several years, and before then was connected with schools in Idaho. He teaches bookkeeping and typing at the local high school.

With many years' practical experience in smelters, R. N. Aspinall, who has lived in California about a year, coming here from Oklahoma, was secured as teacher of commercial arithmetic. He has recently been associated with the Dorsey-Parker lumber yard. Aspinall is a graduate of the University of Kansas, specializing while a student in chemistry.

Miss Alice Sutherland, a graduate of U. C., comes from the Fowler high school to be a member of the Fresno high English department.

H. B. Shinn, teacher of history and economics, holds a master's degree from the Northwestern university. He spent a number of years in South America, where he learned to speak Spanish fluently. He has done post-graduate work at California.

A graduate of the College of the Pacific at San Jose and for the past year teacher of history and business manager of the same college, Charles Barnes is now an instructor of history here. He has worked at Stanford in history, having a master's degree.

Hiram Peters, formerly principal of the Fowler high school, came to Fresno from the Sacramento city. He is a teacher of English.

Mrs. Margaret Prince is a graduate of California and taught last in the San Fernando high school. Mrs. Prince is also in the English department.

Learning his trade in bonnie Scotland, T. M. Tetstall is well qualified as a teacher of woodwork. He studied in the best vocational schools in Scotland and America and was recently foreman of cabinet work of the Pacific electrical shops at Los Angeles.

Miss Elizabeth Ellison graduated from a private institution in Brooklyn, New York, and has had charge of the art departments in several eastern normal schools. She came to Fresno from the Oregon high school.

Ethelinda M. James was a teacher in a school at Hilo, Hawaii, in 1917. Two years ago she was at Glendale and last year taught at the Sonora Union high school. Miss James is in the local English department and has charge of the journalism study.

H. W. Otto learned blacksmithing and oxy-acetylene welding in Schlesswig-Holstein and was foreman of several machine shops in Chicago, recently conducting one of his own in Berkeley. He is an unusually skillful worker in iron and other metals.

Mrs. Mary H. Shilling, graduate of the Agricultural College at Manhattan, Kansas, taught in several Kansas high schools and recently was an instructor in Idaho from where she was released to do government work in food conservation. She is connected with the domestic science department of Fresno.

MILITARY BOYS RUSH TRAINING

Over 150 Attend 2nd Lesson at Armory; Detoy Gives Stiff Drill

The second night of drill for draft men at the Armory proved no less interesting than the first and 150 husky chaps did "about face" and "hand, salute," and the like for an hour and a half last night. Not more than half that many were enrolled, but when Lieutenant Fernand Detoy of the National Guard called the new soldiers to attention the crowd proved big enough to organize into three groups. As on the previous night about fifty men who had been trained before were on hand to drill as "models" for the recruits. Many men were present for a repetition of the first lesson and a number of new volunteers attended.

U. S. UNINVOLVED IN BULGAR ISSUE

May Have Part, However, in Final Peace Council

WASHINGTON, Sept. 30.—Although deeply gratified that Bulgaria has signed an armistice which must be followed by her elimination from the war, American officials have carefully refrained from exercising any direct influence in this momentous event. Since the United States never has declared war on Bulgaria, the government has not felt at liberty to make any suggestions to its co-belligerents at this stage, which is regarded as purely military.

It is believed, however, that in the final adjustment of the important political questions involved in the conditions to be imposed upon Bulgaria at the conclusion of the world war, the United States will be invited to discuss this subject with the Entente Allies at the peace council.

It was stated today that no instructions had been given to any American diplomatic representatives in the Balkans to extend the good offices of the United States to either Bulgaria or the Allies. In notifying the state department that this government had requested an armistice, however, Stephan Panareteff, the Bulgarian minister here, undoubtedly gave the impression that such action would be gratefully received by Bulgaria.

It is considered probable that Minister Panareteff may have exerted no small influence with his friends in Bulgaria to bring about the decision to quit the war.

No details of the armistice had been received by the state department tonight beyond those contained in the press reports and, therefore, officials did not feel in a position to discuss the conditions destined to arise.

Must Take Nish

The reported intention of Field Marshal Von Mackensen to organize the Bulgarians, reinforced by Austrians, to make a stand against the Allies at Nish, has been discussed as a purely military problem and army officers here feel that such resistance must be short lived.

Nish must be taken at any event and at any cost by Entente armies, is the opinion here. Its capture is necessary to carry out the strategic plans which have been formed for the severance of the line of communication between the Central Powers and Turkey and the destruction of the "corridor" connecting Germany and Asia, which has been the dream of the pan-Germans. The city is on the line of the Berlin-Constantinople railway. In taking it the Entente would obtain control of the sole practicable route from Germany and Austria to Turkey.

At present access also may be had to Constantinople by water through the Black Sea ports and Rumania, but even this indirect line is likely to be cut soon. Rumania is known to be ready to rise again against her German oppressors with the slightest encouragement. Also the people of the Ukraine would be glad to seize the first opportunity to repudiate that part of the Brest-Litovsk treaty which arbitrarily dispossessed them of their liberties and reduced them to vassalage.

SPANISH PRESS WARMLY APPROVES

President Wilson's Liberty Loan Speech Fully Printed

MADRID, Sunday, Sept. 29.—(Reuters).—All the newspapers here publish the address of President Wilson in New York in full. In commenting on the speech, the Liberal says:

"The address is the noblest thing that has been thought or said since the beginning of the war. It is the epitome of the general spirit of amity which dwells in the depth of every conscience that is free from covetous egoism.

"Perhaps President Wilson's program may be too idealistic but we might forget that this doctrine, so noble and so human, will be guaranteed in return by the mighty power of the United States and that any imperfections which may be found in practice will be gradually corrected by this ideal.

"In any case, the most important fact is that the United States by President Wilson has just said its last word. To it the Allies will assuredly

"President Wilson's speech was made after he had replied to the Austrian note and also after Germany had proclaimed the immutability of the Brest-Litovsk treaty," says the Epoca. "In such circumstances, the President's address will make a profound impression on all by its sublime disinterested attitude, renouncing as it does all desire for territorial and economic delimitations. If Germany does not accept the peace thus sketched, she will not be able to pretend that the world does not desire peace but must admit that the world is only determined not to have a German peace."

The Diari Universal says:

"It is only by adopting the disinterested principles of President Wilson that true peace will be attained. Never has there been a clearer or more exalted ideal of humanity than that which President Wilson has outlined. It finds an echo in us all, especially in those humbler ones amongst us who are eager for justice and equity. President Wilson's promises are rich with treasure and bright with hope and it is to be desired that they be realized soon."

SEEK TO AVOID CHECK OF BUILDING

SAN FRANCISCO, Sept. 30.—The problem of filling army drafts without taking men essential to shipbuilding, and plans for eliminating "shipyard slackers," were referred for recommendation to a committee of nine members by a conference of California draft board representatives and officials of the Emergency Fleet Corporation here late today.

This committee, comprising three draft board members, three shipyard officials and one representative each from the adjutant general's office, the Emergency Fleet Corporation and the United States Employment Bureau, is to be named at a later date and will act only in an advisory capacity.

It was agreed that some plan should be formulated whereby draft boards would be advised as to the industrial importance of all men within draft age now working in shipyards and as to all cases of men leaving the yards for other employment. Incorrectly filled questionnaires were the cause of nearly all cases where skilled workers were drafted, Adjutant General J. J. Borree said. Frank McDonald, San Francisco district draft board member, blamed lack of system in handling shipyard labor for much of the difficulty encountered.

Frank C. Miller, secretary of the San Francisco Iron Trades Council, told the conferees many skilled mechanics were refusing to claim exemption to work in shipyards, because they are called "slackers' retreats."

LONDON BUSINESS IS FEELING BETTER

LONDON, Sept. 30.—The stock market today showed an excellent disposition and broadening of business on the reports of Bulgaria's surrender, while the excellent war news from the other theaters proved an additional cheering factor. Home rails, Allied funds and industrial shares were once more active and firm. Balkan stocks were in good demand, especially the Monteneerin loan, which was seven points nearer. Rumanian oils were in demand. South American shares were firm. Russians are dull.

SCHLOTTHAUER IS NOW BACK IN FRESNO

Returns From Montana to Refute Treason Charges

Claims Powder Bought With Suicidal Intent

That the 700 pounds of powder planted by Jacob A. Schlotthauer, Balsdow colony rancher and contractor, near Madera, and later unearthed by the federal authorities, was purchased with criminal intent and not for any anarchistic or treasonable purpose, was the declaration of Schlotthauer when he surrendered himself to Constable Ben Drenth in Fresno yesterday. He claims financial embarrassment as the motive for contemplating suicide.

After investigation the federal authorities have decided to charge him only with violating the explosives act by improperly storing explosives, and have released him on his own recognizance. On a charge of embezzlement he was arraigned in Judge Graham's court yesterday afternoon, and had bond fixed at $1,000, and will be given a hearing on Thursday morning at 10 o'clock. This charge arose on the complaint of Delphi Singh, who alleges that he had given and endorsed a check for $267 to Schlotthauer, and had begun legal procedure for the recovery of the money when Schlotthauer disappeared.

Business Failures

Schlotthauer stated that he had returned from Montana to meet the charges. In explanation of his possession of the explosives and of his flight Schlotthauer said that he had become deeply involved in debt through several business ventures. He had planted an orchard, he said, and the trees had died, and this was followed by the failure of a 600 acre corn crop. He also stated that he had been contracting for leveling of land, and during an extremely wet spell he had been feeding 72 head of horses and mules at a cost of $300 per week in addition to the wages of the men. Among those for whom he had contracts to level land was J. C. Forkner, and another 140 acres at Biola.

The result of these adverse financial conditions, he said was that he had become thoroughly despondent, and in this condition, he declares, he resolved to destroy himself.

He states that he had the pipe work, from which the bombs were made, done by Levy Brothers, and as they had done much pipe work for him before he declares they had no knowledge of his purpose.

Intends Suicide

He hauled the bombs and explosives to the place where they were found after midnight on July 25, he said, and declares that he intended to fasten them all to himself, and shoot them off. He stated that he hauled 200 pounds of powder to the place, and scattered 25 pounds of it on the sand, and the remainder he buried at the place where it was unearthed. Declaring that the thought of his wife and 12-year-old son were the principal motives which kept him from self-destruction, Schlotthanes said he resolved on flight, and left for Sacramento, and proceeded to Pendleton, Ore., and Garfield, Wash., took a job in the grain harvest.

He then proceeded to Spokane, Wash, he states, and later went to where he states, and later went to Missoula, Mont., where he registered for the draft, and learned of the discovery of the explosives through reading the Republican. Schlotthauer declares that he then determined to return to Fresno and face the charges.

Schlotthauer denied he had any affiliation with the I. W. W. or any society with treasonable principles.

HANSEN FUNERAL FRIDAY.

Funeral services for Jacob Hansen, the Washington colony rancher, who died at the home on Orange avenue, Sunday, will be held at 10 o'clock Friday from the First Presbyterian church at Easton. Interment will be in Washington cemetery. He is survived by the widow and three sons and three daughters.

"What is your objection to children?" asked the man who was hunting a flat. "I like 'em," replied the janitor. "I haven't the heart to ask anybody with children to move into a place that was as short of heat as this was last winter."—Washington Star.

And you can get into the Fair Free if you wear one.

At last! They're here! Those trench hats that all you little boys and girls under thirteen have been waiting for.

Come into the Republican office just as soon as you can, with your nickel, and you can have one. There are plenty of 'em for everyone, but you had better come as soon as you can, anyway.

You know that if you go out to the Big District Fair wearing one of these hats, any day but Saturday, you can get in the Fair grounds free of charge. Isn't that splendid? So get your nickel, and come a-running. Those trench hats are waiting for you.

WSS WSS WSS WSS

:-: News From Central California :-:

PROMINENT OFFICER OF MERCED IS SUMMONED

Succumbs to Sudden Attack of Heart at Home of His Daughter

Was Assessor for Nineteen Years; Director of Peach Growers

ALFRED G. CLOUGH,
Official of Merced County for Many Years, Who Died Suddenly

MERCED, Oct. 1.—Alfred G. Clough, county assessor of Merced since 1899, evening down town with friends, and Growers, Inc., died suddenly of heart failure at 10 o'clock last night at the home of his daughter, Mrs. R. C. Cunningham, in this city, where he had arrived but a moment before to meet his wife to accompany her to the Clough home. The assessor spent the evening down town with friends, and was apparently in good health, though he had long been a sufferer from heart affection. Upon arrival at his daughter's home, the assessor asked for a glass of water, sank into a chair, and exhibiting signs of sudden distress, said: "I am dying." With these words he passed away.

Clough, who was one of the most widely known men in the county, was a native of Hornitos, Mariposa county, and was axed 61 years. He spent his boyhood in Hornitos, and when 20 years of age moved to Merced, where he worked first for a livery stable man. Later he engaged in the furniture and undertaking business in partnership with the late G. E. Nordgren, who died last year. Clough became county assessor and public administrator in 1893, serving through three two-year terms, until his election to the office of county assessor, which he has held continuously since, and was a candidate for re-election, without opposition, at the time of his death.

The late assessor is survived by his widow, Mrs. Mary Blunt Clough, and four children, as follows, the two first named being children by a former marriage: Mrs. L. E. Cosner, W. T. Clough, Mrs. R. C. Cunningham and Miss Ruth Clough, student in the Fresno State Normal School. He also leaves three brothers, Edgar, Samuel and Charles Clough.

The funeral will be held at the Clough residence at 2 o'clock tomorrow afternoon, with Rev. H. T. Babcock officiating, and the Knights of Pythias will conduct the services at the grave.

KNOCKS OUT PAIN THE FIRST ROUND

Comforting relief from pain makes Sloan's the World's Liniment

This famous reliever of rheumatic aches, soreness, stiffness, painful sprains, neuralgic pains, and most other external twinges that humanity suffers from, enjoys its great sales because it practically never fails to bring speedy, comforting relief.

Always ready for use, it takes little to *penetrate without rubbing* and produce results. Clean, refreshing. At all drug stores. A large bottle means economy.

NATIONAL TOILET COMPANY, Paris, Tenn.

Bulgarian Surrender Causes Turlock Man Suddenly to Succumb

TURLOCK, Oct. 1. — Thrilled by the news of Bulgaria's surrender and the news indicating a highly favorable turn in the war Asa Meeks Jackson, an aged resident of this city, dropped dead in his chair at the supper table last night.

His son, Harry, motorcycle officer in this district, had just come in with an evening paper. The old gentleman took it and bent forward to scan the headlines. "It'll soon be over," he said in his usual voice, and then fell forward upon the table.

Jackson was a veteran of the civil war and a native of Georgia. He fought on the Confederate side and was a member of "Pap" Price camp of Confederate Veterans at Colusa. He has been a great war enthusiast since the beginning of this conflict and followed every move with interest.

He had lived in Turlock for six years near his son, who is married, and was a great favorite with the grandchildren. He had been in California since 1871, and was an old resident of Willows where the remains will be interred tomorrow afternoon.

He left a widow and four children, Harry Jackson of this city; Mrs. Georgia Jackson of Albany, Ga.; Robert C. Jackson of San Francisco, and Mrs. Ella Thornton of San Francisco. One son, Hartwell D., had died.

PLAN PROTECTION FOR STORED FOOD

HANFORD, Oct. 1.—A. E. Horlock, secretary of the county council of defense, has called the warehouse men of the county together for a meeting to be held on Friday morning, at which the matter of establishing protection against natural and incendiary fires or other forms of menace to foodstuffs storad in various points in the county will be taken up.

The meeting, which is in response to a recent order of the state council of defense, will be held in the chamber of the board of supervisors, with the members of the boardp articipating in the conference.

Most of the packing firms and warehouse men of the county have for several weeks been maintaining a double watchman system, established soon after the incendiary fire here which destroyed the canning and dried fruit plants of the California Packing Corporation, entailing more than a half million dollar loss.

OFFERS HIS HOME FOR HOSPITAL USE

MADERA, Oct. 1.—Judge W. M. Conley has offered to the war department the use of his home to the war department for any length of time desired for the housing of wounded soldiers or sailors. It is estimated that about thirty men can be taken care of in the home. The offer was made to Secretary D. H. Hanbart of the County Council of Defense, who has forwarded the offer to the war department. The offer came as a result of the announcement of the war department that it would make an effort to have all wounded men housed as near to their homes as possible. The offer is but one of many personal sacrifices of Judge and Mrs. W. M. Conley since the beginning of the war, as both have given freely of time and money to the various war activities. The judge has been active in the council of defense, and Mrs. Conley in the Red Cross, and both have subscribed heavily in liberty bonds. One of their sons is an officer of the army serving in France.

RAISE $100,000 FOR LOAN DRIVE

DINUBA, Oct. 1.—The drive for the securing of Dinuba's quota in subscriptions to the fourth Liberty Loan, started with result-getting enthusiasm, Monday morning. On the Saturday previous, before the campaign of the bond salesmen was launched, $25,000 had been subscribed by volunteers. At the close of business last night, although a thorough tabulation had not been made, reports from the various districts gave the total subscriptions at about $100,000, nearly half of the total $225,000, the quota for the district. Several salesmen reported their districts sold 100 per cent. The prospects are good for the Dinuba district to reach the quota in the next day or two. The campaign will be continued for the entire period set by the government.

The Dinuba schools opened for the years' work Monday morning, with a full corps of teachers in both high and grammar schools. The formation of a cadet company in the high school has given impetus to the registration of students, and the enrollment will probably equal that of last year, in spite of war conditions. Many new families have moved to Dinuba during the summer, and the attendance at grammar school shows a corresponding increase.

Mrs. M. E. Archer is in receipt of a letter from her son Roy C. Archer, who is with the naval reserves in Virginia. He writes that he is a victim of the Spanish influenza, which has been raging the training camps, but that he has passed the danger point and is making rapid progress toward complete recovery.

ESCAPE STORM DAMAGE

HELM, Oct. 1. The electric storm did not do much damage in this section of the country. It rained very little.

R. O. Whiteside was a Stockton visitor recently.

S. B. Williams was a recent Fresno visitor.

C. W. Moyer was a recent visitor in Stockton.

Mrs. S. B. Williams, Alton Williams and Malvina Williams were visitors at the T. M. Middleton home Saturday night.

Mrs. T. B. Wheaton and F. WhWeston have returned from a tour of the southern part of the state.

Miss Erma Whiteside is attending the Coalinga union high school.

C. Shumaker was a Fresno visitor Saturday.

PLANS ENTERTAINMENTS

TULARE, Oct. 1.—Miss Louise Spaulding, who has charge of the musical department of the high school, has planning a series of entertainments which will be given for the benefit of the Red Cross auxiliaries in this section. Each entertainment will consist of musical numbers, vocal and instrumental, and readings. The first entertainment of the series will be given Friday night of this week at Buena Vista schoolhouse.

ANNUAL CONFERENCE OF METHODISTS CONVENES

Over 400 Attend Opening Reception at Bakersfield Last Evening

Laymen to Hold Session on Thursday; Many Pastors to Change

BAKERSFIELD, Oct. 1.—The M. E. conference for the Southern California district opened this evening in this city, with about 450 ministers and their wives present. A still larger number is expected tomorrow, when the business sessions will convene.

This evening a reception was given at the M. E. church. Addresses were made by Charles Edward Locke, pastor of the First M. E. church of Los Angeles and Bishop Thirkield, who will preside over the conference. Addresses of welcome were given by Mayor Taylor on behalf of the city, H. C. Ratze on behalf of the Chamber of Commerce, Thomas Burke for the Board of Trade, Alfred Siemon of the local churches, and Dr. John Oliver of Fresno on behalf of the Methodists of the Fresno district.

On Thursday the annual meeting of the Layman's Association will be held, when it is expected that at least 400 laymen will be present. A large number of women, members of the various missionary societies, Epworth Leagues, Deaconess societies and other active church organizations throughout the conference district are present, and a number of these society meetings will be held in conjunction with the conference.

Aside from the ministers who are members of this conference, a number of prominent divines from various parts of the county will be in attendance, and will have a part in the proceedings of the conference, which will continue for a week.

At the close of the conference a number of changes will be made in the conference appointments, and it is also patent that there will be a shortage of some of the more prominent ministers of the southern portion of the state, several having been called as army chaplains and others to assist in the Y. M. C. A. war work.

RAINS BENEFIT LIVE STOCK MEN

LOS BANOS, Oct. 1.—A heavy rain accompanied the thunderstorm yesterday and continued today. While the rain will be a detriment to some, it will benefit others, especially stockmen as there will be an abundance of green feed. Grain farmers have begun their winter plowing.

Mrs. H. D. Potter who, with her husband, spent the summer in Los Banos, left recently for San Francisco, where he was connected with the Out West Monthly, as associate editor.

Members to serve on the general election board in November have been appointed for the West Side precincts.

The committee appointed to receive funds for the fourth Liberty loan report the sum of $42,000 has been subscribed so far. The quota for Los Banos district was $178,000. It is thought after the weather clears up again the approach to the quota will be much nearer.

J. G. Jameson of San Jose is here looking after his property interests.

W. Y. Bourne of Mercey Hot Springs motored to Los Banos this morning and says the roads after the storm are in good condition. Skid chains were not required to make the trip. He also reports the school in that district has opened for the term, with Mrs. Langford, a relative of Judge Langford of Linnada, as teacher.

REMEDY LEAK IN WATER SERVICE

WOODLAKE, Oct. 1.—After continued complaints with reference to leaky water pipes along the domestic service lines, steps were taken the past week to rectify the dissatisfaction. There yet remain two or three bad leaks.

Constable Clarkson of Lemon Cove township, who has been confined to his home for the past several weeks, was a Woodlake visitor Saturday.

Mrs. Bean, wife of W. S. Bean, cashier of the Woodlake bank, who was removed to the San Joaquin hospital in Tulare on Monday, where she underwent a surgical operation, is reported as doing nicely.

Mr. and Mrs. Irving R. Davis are in Bakersfield with the Southern Pacific Company.

Mr. and Mrs. D. E. Lewis and family have been absent in Selma since last Thursday evening, whither they were called on account of the death of James Little, brother of Mrs. Lewis. Mr. Little died Thursday morning and was buried yesterday afternoon.

The various committees selected to solicit business in connection with the fourth Liberty loan drive started out in earnest this morning. Woodlake's quota being $16,404, is sure to be carried over the top.

COALINGA HAS TAKEN $175,000

COALINGA, Oct. 1.—The fourth Liberty loan campaign is coming along with a rush in Coalinga, and indications are that the west side town will far exceed its quota in the next few days, over 50 per cent of the quota already having been subscribed, amounting to something like $175,000. Chairman A. E. Webb is of the opinion that the city will go over the top in the next few days, keeping up the reputation of the community, which has in all previous drives gone over the top. In the last loan Coalinga more than doubled its quota.

DEL REY SCHOOL OPENS

DEL REY, Oct. 1. — The Prairie school opened Monday with all rooms full. The teachers this year are Miss Ira Chandler, principal, seventh and eighth grades; Miss Loreine Robinson, fourth, fifth and sixth grades; Miss Cora Carlson, second and third grades; Miss Clarenn Breusing, first grade. This is Miss Breusing's first year at Prairie, the others are familiar and welcome faces in Del Rey. Trustees Flint, Mitchell and Jolley have had the buildings thoroughly overhauled and repaired for the winter's work.

The contributions of clothing for the Belgians from Del Rey amounted to six barrels. The Ladies' Aid Society of the Methodist church sent in nine comforts.

Mrs. Anna Clason, who has been visiting Mr. and Mrs. Gus Behr, has returned to her home in Wichita, Kas.

Births, Deaths and Marriages in the San Joaquin Valley

BORN

DAUNT—In Modesto, September 30, 1918, to the wife of Charles A. Daunt, a daughter.

BLAIR—In Coalinga, September 30, 1918, to the wife of William A. Blair, a daughter.

HENSLEY—In Coalinga, September 26, 1918, to the wife of Ben F. Hensley, a son.

LICENSED TO WED

LUNDY-RUSSELL—In Visalia, William Lundy, 27, Taft, and Lena Russell, 24, of Lindsay.

GIVES PERMISSION FOR DOUBLE TRACK

BAKERSFIELD, Oct. 1. — Second tracking of the Southern Pacific railroad between Bakersfield and Los Angeles took a step nearer actuality when the state railroad commission notified the local board of supervisors that the Southern Pacific was granted permission to build a second track across the county roads crossing the main line between Bakersfield and Sivert, a point twenty miles east of this city.

A large force of workmen have also a railroad construction camp between Cameron and Mojave, where double track is being laid.

The proposed work will cost many hundred thousand dolars and when it is completed the railroad's transportation facilities will be immensely increased.

MENNONITES WILL SUBSCRIBE TO WAR

MERCED, Oct. 1.- The members of the Mennonite colony at Winton agreed today with the county war fund association to contribute $200 toward the expenses of war activities during each Liberty bond drive. The Mennonites, through a delegation sent to the county seat to interview officers of the war fund association, stated that their religious convictions are against warfare and that they cannot conscientiously buy Liberty bonds. But figuring on a basis of $10,000 as the total of their buying ability, they agreed to give an amount equal to the interest on the bonds toward conducting the war activities of the county. This means that they will donate $200 each six months to the war fund association.

KINGS SUBSCRIBES TOTAL OF $750,000

HANFORD, Oct. 1—Though all of today's figures in connection with the Fourth Liberty Loan drive in Kings county had not been tabulated early this evening, an unofficial estimate placed the probable total from all sources of activity in the campaign at $750,000. The county's quota is $1,035,550. At the rate subscriptions are coming in it is believed the quota will be reached by the end of the week, if not before.

ELECTRICAL STORM VISITS COALINGA

COALINGA, Oct. 1.—An electrical storm struck this section last evening and was followed during the night and early morning by a heavy rain which has continued throughout the day. While the storm did no damage in the city or oil fields, it kept the people in, fear, they not knowing what minute lightning might strike one of the hundreds of oil tanks located throughout the oil fields. The thunder and lightning was the heaviest witnessed in this vicinity for a number of years.

RECOVER FROM INFLUENZA.

RIVERBANK, Oct. 1. A. E. Pinnemore has been informed by telegram that his daughters, May and Margaret, who, with their mother, have been spending several weeks with relatives at Philadelphia, Penn., are recovering from an attack of influenza.

A good sized crowd attended the dance at the auditorium Saturday night.

Master Mechanic Conley visited this division point the week-end.

Mrs. Wm. Webb and Mr. and Mrs. J. W. Wright of the Dreamland theater are among the number from here visiting San Francisco this week.

Dr. Morton of the Santa Fe hospital, San Francisco, spent the week-end here, and during his visit operated on Miss Margaret Kimball for appendicitis. Miss Kimball is reported doing nicely. Dr. Morton also operated on Mrs. Geo. Bakes of Riverbank at San Francisco the last of the week and reported her recovering nicely.

The following Riverbankers visited Stockton the week-end: Mr. and Mrs. F. Arnold and son and Mrs. Hall, Mrs. A. L. Fay and son, Mrs. Edwards and daughter, Messrs. and Mesdames Wm. Gorton and B. F. Thomas.

Otto McDonald goes to Stockton this week, where he will attend school. Otto will make his home with his aunt, Mrs. Wolf, while residing in Stockton.

Wilbur Grainer is reported recovering nicely from a little accident, which resulted in a dislocated shoulder the last of the week.

Mr. and Mrs. G. W. Scott have arrived here from Maricopa, and will locate on their ranch at an early date. They will have a bungalow erected as quickly as the laws pertaining to building can be complied with.

Mrs. J. J. Will moved to Calwa the last of the week, where her husband is now employed.

LOAN SUBSCRIPTIONS GROW

BAKERSFIELD, Oct. 1. The fourth Liberty loan is increasing steadily in Kern county and the total subscriptions reported to headquarters is $2,016,000, which is more than $10,000 over the quota. Kern county has received belated official recognition from Washington for the remarkable record established by this county. It is certain that no county with a two-million dolar quota has made a better record than Kern county.

STORES TO CLOSE DURING EVENINGS

BAKERSFIELD, Oct. 1.—The Kern county division, State Council of Defense has adopted a suggestion by the state council that all stores close at 6 o'clock and remain closed on Sunday. This order will affect several second hand stores, cheap clothing houses and the vegetable and fruit dealers. The order does not apply to saloons which will remain open until 11:30 each night and are closed on Sunday.

Six months ago the big majority of retail merchants signed an agreement to close at 6 o'clock. This agreement was put through by the Retail Clerks' Union but a number of stores refused to abide by the agreement.

Beginning today all local garages and gasoline stations will sell gasoline between 6 a. m. and 6 p. m. only. Gasoline will be sold on Sunday between those hours. The autoless Sunday has not yet arrived on this coast.

PERFECTS NEW STYLE OF MOTOR

DINUBA, Oct. 1.—C. P. Twigg, of this city, believes that he is about to reap the reward of thirty-five years patient effort to perfect a new style of motor. It would seem to be designed to solve the old problem of perpetual motion, although the inventor objects to the term. Mr. Twigg names the machine a motor of gravitation. The machine consists of a small wheel within a larger wheel, the smaller wheel being equipped with sliding weights on its outer rim and is designed to use the force of gravity to generate power. The inventor has just had a model built by a San Francisco firm and is now engaged in assembling the machine for a public demonstration which he expects to give in the near future.

DRAFT LOTTERY AFFECTS FORTY

MODESTO, Oct. 1. — From the first 100 members drawn in the draft lottery yesterday at Washington, 40 men were affected in Stanislaus county. The missing numbers were for serial numbers too high for the Stanislaus board, 5947 being the highest number in the local list. George S. Henry, chief clerk of the exemption board, was among those drawn. Irwin Henry Rude of Turlock had the honor of holding the first number, 322. Approximately 2,700 questionnaires have been sent out to registrants in the county and the local board will complete the mailing to the men between 18 and 36 years of age today. Physical examination of class 1 men will begin on Thursday. Men in deferred classifications will not be given physical examination at present.

BLIND ORATOR RAISES $22,000

MODESTO, Oct. 1.—James E. McCormick, Modesto's blind orator, and, so far as known, the only blind orator among the government's four-minute men, made a talk at the Modesto theater last night which resulted in the purchase of $22,000 worth of Liberty bonds. McCormick recently visited government hospitals in the East and is able to speak forcefully of the need of protecting our soldiers from the cruelties of the Germans. McCormick expects to be called to Washington to engage in vocational work with blinded American soldiers, when the work is taken up there.

PLAN SALVAGE SALE

CHICO, Oct. 1.—"Develop salvage work as much as possible" is the message that came from headquarters. With this purpose in view, it has been planned to hold a sale of some special class of goods every Saturday for the benefit of the salvage shop.

On October 5, on Mrs. J. J. Pugh's lawn, the following will be for sale: Potted plants, ferns, bulbs, rose bushes, seeds, cuttings, etc., ranging in price from one cent upwards. Donations may be left at any time at Mrs. Pugh's, where they will be cared for until after the sale. Articles not sold will be returned to the donor if so desired.

The following ladies have been appointed to secure donations and conduct the sale: Mesdames W. P. Etheridge, William Woods, George Allen, J. J. Pugh, Roscoe Cowan, G. H. Parker, Fremont McCormick, J. A. Cooke, T. J. Wilkins, E. Cook, L. J. Gilliam, William Liebcen, W. E. Goble, Harvey Ward, Carey Demaree, Misses Laura Allen, Hattie Bump, and Mamie Reed.

SELLS SHAFTER RANCH

SHAFTER, Oct. 1.—The Regier ranch has been sold to a Mr. Anderson of San Diego, who will further develop the property this fall.

Mr. Winslow of Fellows was here Saturday in the interests of his business.

A bungalow is being built on Central avenue by the King Lumber Company to be occupied by the man in charge of the company's yards here.

Mr. Utz, manager of the King Lumber Company yard, is to leave in a few days for a position elsewhere.

Mr. John Nikkel of Escondido is here looking for a location on ranch property.

T. V. Little has just installed an electric plant for Saxon B. Little.

J. C. Goodrich has sold his twenty-acre tract to Mr. Voth.

Mrs. Oscar Wiedmann and children are home after an absence of several weeks visiting with relatives in Los Angeles.

PLAN MILITARY TRAINING

RAISIN CITY, Oct. 1.—A voluntary company is being formed here to take military training as soon as arrangements can be made. It is hoped that forty or fifty men may be enrolled. To secure that number, the boys of grammar school age will be allowed to sign up. In order to insure the regular attendance of all members, a pledge has been prepared placing each man on his honor to attend drill. The paper is at the office of the lumber company, and anyone wishing to take the drills are urged to submit his name at once. W. M. Brown, who has served five years in the regular army, has consented to take charge of the company.

FLASH INJURES LINEMAN

BAKERSFIELD, Oct. 1. — A flash of lightning running over the telephone wire which they were repairing, seriously injured R. C. Deyo, working on the west side line, twenty-five miles west of Bakersfield and Henry Nixon, employed in a similar capacity at Ponds Station, thirty miles north of Bakersfield. Both were knocked from the pole unconscious and fell about twenty feet. Their hands were burned severely. Deyo sustained serious injuries in his fall. The men are at the San Joaquin hospital. Both are employed by the San Joaquin Light & Power Corporation.

Bakersfield Editor Goes to Washington To Enter War Work

BAKERSFIELD, Oct. 1.—G. D. Willaman, who has been on the news and editorial staff of the Morning Echo, for twelve years, left tonight for Washington, D. C., where he will be inducted into the government service. He will be assigned to duty in a branch of the war department and expects to be a member of a contingent leaving for overseas as soon as he has become familiar with his new duties.

Willaman joined the Morning Echo staff November 1, 1906, when the paper was edited by the late Congressman S. C. Smith, and has been continuously in its employ.

On account of his long experience in newspaper work he was accepted for service in the branch to which he applied immediately after being classified in the new draft in which he is a member of the class of men aged 35 years. Mrs. Willaman will go to San Francisco pending his return from the war.

Willaman expects to visit a day with his father, Mayor E. P. Willaman, his sister ad two brothers at Orrville, Ohio, and will report at Washington on October 8.

DEFER BUILDING OF TULARE HIGHWAYS

VISALIA, Oct. 1.—There will be no Porterville-Tipton county highway built, at least not until after the war. Differences between the supervisors, who changed the original routing as outlined and voted upon by the voters of the county in the bond issue, and Dan Catanco, representing Woodville residents who objected to the change, have delayed the start on the stretch from Porterville through Woodville to Tipton just long enough to prevent the government from sanctioning the road. Engineer G. R. Winslow of the state highway commission has notified the local board that he finds it necessary to disapprove the construction of this road until after the war. However, the injunction suit against the supervisors to prohibit them from building will be heard Monday next and finally settled, Supervisor Young stated today. The government order, however, prohibits the building of the road on any route.

LIBERTY SPECIAL TO VISIT LINDSAY

LINDSAY, Oct. 1.—The Liberty Loan Special train, made up of war trophies from the front, and carrying the United States Maine Band and Naval Quartet from Mare Island, returned American, British and French soldiers, who have seen service mostly in the sector, which has been touring California, Arizona and Nevada, is scheduled to be in Lindsay Sunday evening from 7 to 9 p. m. Arrangements are being made for its reception here, which will take place at the Southern Pacific depot.

SUMMON VENIRE FOR FIVE CASES

HANFORD, Oct. 1.—Forty veniremen have been summoned to report for jury duty in criminal cases set for early dates. There are five cases to be tried before Judge M. L. Short in the Superior Court during the ten-day period starting October 7. The cases are those of Charles Gillett and Lodge Thomas, charged with slaying Roy Walker, a negro; Hugo Kreissling, accused of assault with a deadly weapon; Alexander Artega, and Jose Ruiz, charged with statutory crimes.

MUST HAVE SUGAR ORDERS

BAKERSFIELD, Oct. 1.—No more sugar for canning will be given out in Kern county except on an order direct from the county food administration office. The privilege of geting the canning supply at the stores is being abused, according to Frank E. Smith, the county food administrator, and he says that prospective canners must come to his office and secure the official permit. Hitherto the merchants have given out the first twenty-five pounds and also the second twenty-five on the showing made by the customer.

PLAN SINGLE DELIVERY.

BAKERSFIELD, Oct. 1.—With the objective of conserving more man power, the price interpretative board of the local federal food administration will meet tomorrow at 2 o'clock to arrange for an order placing all retail stores in the county on a one delivery a day basis. The big stores have already announced that they will adhere to the plan. The hour of delivery will be considered at this meeting.

CONTINUE IRRIGATION CASE.

VISALIA, Oct. 1.—After a few minutes' discussion with all parties represented it was decided this morning to continue the reopening of the case of the Tulare Irrigation District against the Lindsay-Strathmore Irrigation District until October 29, at which time Superior Judge W. B. Wallace expects his court calendar to be sufficiently cleared to permit steady hearings until the case is completed.

HIGH SCHOOL HAS OPENED AT EASTON

EASTON, Oct. 1.—Washington union high school opened at 10 o'clock Monday morning with the ceremony of saluting the flag and the singing of "The Star Spangled Banner" by the students. Following this, the assembly was addressed by Superintendent J. O. Cross of Fresno, who spoke on the work of the Junior Red Cross, with preliminary remarks of stimulation and encouragement to the students in their work along educational lines. The speaker urged the glory of opposing high ideals to German atrocities, to establish justice throughout the world. The work of the Junior Red Cross is a valuable service toward this end, he said.

Harold Dwelle of Fresno, the first president of the high school alumnae, spoke on thrift stamps. He impressed upon the students their unlimited possibilities for service, and their duty to the members of the school who are over there and to the cause for which they are striving.

F. M. Thompson of Fresno, formerly principal of the high school, reviewed the work this school has already done in war service. Thirty-six graduates, four of them lieutenants, are in active service, besides many others who once attended the school. Several of the girls are also in training for nurses. Thirty more graduates have recently received questionnaires. The most patriotic thing a boy or girl can do is to stay in school with the serious purpose of training for the greatest possible usefulness in the future, he said.

The program included a very charming solo by Miss Alice Rogers and a song by the Girls' Glee Club.

J. A. Poytress and Thomas Rogers, members of the school board, also addressed the students.

The Women's Missionary Society of the United Presbyterian church, which was to have met on Thursday of this week, has been postponed for one week on account of the fair.

Jacob Hansen is very ill at his home here, suffering from a stroke of apoplexy.

C. Jensen is improving his residence by the addition of a tankhouse and sleeping porch.

MODESTO, Oct. 1.—The Gray-Lovehimite company of New York will give a musical and literary recital at the new high school next Friday evening under auspices of the student body as the first of a series of musical treats which the school hopes to bring here during the winter if proper support from the public is received. The company has entertained nearly every army and naval camp in the United States and Madame Lovhime gives interesting anecdotes of their visits with the soldiers and sailors.

HANFORD, Oct. 1—Suicide as the result of mental derangement was the verdict at the inquest held over the remains of Charles J. Hubler, who yesterday sent a bullet through his head at his home in this city. Funeral services will be held at the Hanford cemetery Wednesday morning at 11 o'clock under the auspices of Hanford Lodge No. 279 F. and A. M.

TULARE, Oct. 1—Bond buyers are appearing at the rate of considerably over 100 per day, the number of subscribers up to the close of loan headquarters last night being 511. The amount of the loan at present subscribed here is approximately $125,000. Nearly all those who have purchased bonds so far have been volunteer subscribers.

VISALIA, Oct. 1—There are two cadet companies at the high school this year, ninety-six boys having taken up the work under Prof. E. E. Smith who comes here from the Tamalpais Military academy and knows his work, perhaps better than anyone who has ever had charge of the cadets before.

Unshaken Testimony

Time is the test of truth. And Doan's Kidney Pills have stood the test in Fresno. No Fresno resident who suffers backache, or annoying urinary ills can remain unconvinced by this twice-told testimony.

Frank Coleman, 2026 Ventura Ave., says: "I strained my back stooping and lifting and my kidneys became affected. I endured untold agony from pains in my back, and I had headaches, too. Doan's Kidney Pills cured me of every symptom of kidney complaint." (Statement given February 14, 1910).

On March 27, 1916, Mr. Coleman added: "I am as strong for Doan's Kidney Pills now as when I indorsed them in 1910. The cure has been a lasting one, but I still take Doan's off and on as a preventive."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Coleman had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

The Real Secret of Rejuvenating the Face

She holds the true secret of facial rejuvenation who has learned how to remove the dead skin particles as fast as they appear. It's a secret anyone may possess. The aged, faded, or discolored surface skin may be gradually absorbed, in an entirely safe and rational manner, by the nightly application of ordinary mercolized wax. Within a week or two the underlying skin, youthful and beautiful to behold, has taken the place of the discarded cuticle. So little of the old skin is absorbed each day there's no inconvenience at all, and no one suspects you are putting anything on your face. The mercolized wax, procurable at any drug store (an ounce is sufficient), is applied like cold cream. In the morning it is washed off with soap and water. It's the best thing known for freckles, blackheads, pimples, moth patches, liver spots and fine surface wrinkles.

For the deeper wrinkles, an excellent recipe is: Powdered saxolite, one ounce, dissolved in one-half pint of witch hazel. Bathing the face in the solution produces quick and wonderful results.

Tough Luck!

By Maurice Ketten

IF WE ARE GOING TO MOVE YOU'D BETTER HURRY AND TAKE THAT FLAT IN THE NEXT HOUSE - IT'S THE ONLY ONE LEFT IN THE NEIGHBORHOOD
I'LL GO NOW AND SIGN THE LEASE
I HAVE ABOUT DECIDED TO TAKE THAT FLAT YOU SHOWED ME YESTERDAY
FINE FLAT. YOU'LL LIKE IT
WHO ARE THEY?
THEY LIVE IN THE FLAT ABOVE THE ONE YOU ARE THINKING OF TAKING.
TREAT 'EM ROUGH
WHO IS HE?
HE IS A TROMBONE TEACHER. HE LIVES UNDER THE FLAT YOU ARE GOING TO TAKE
DID YOU SIGN THE LEASE?
NO. WE WON'T MOVE. I HAVE CHANGED MY MIND
CHANGE IT AGAIN. OUR FLAT WAS RENTED WHILE YOU WERE OUT
TOUGH LUCK!

NO INFLUENZA SO FAR AT KEARNY

CAMP KEARNY, San Diego, Sept. 28.—Although it had been reported unofficially that today there would be ordered a quarantine at this camp as a precautionary measure to prevent the spread of Spanish influenza among the several thousand troops in training here, none was established. At the same time it was announced that the number of observation cases of suspected influenza had decreased in the last twenty-four hours from eleven to five.

Lieutenant Colonel M. P. Ravenel, camp surgeon, said today that there were no cases of true Spanish influenza in camp. He added that every possible precaution was being taken to prevent its gaining a foothold among the men of the division, and that stringent measures would be taken to maintain the good health of the men.

Officers and men were especially glad that today was a liberty day for practically all in camp. The weather was unusually hot for this section, 100 degrees being registered by a thermometer in one of the offices at noon.

Except for about 800 men, the recruit camp has been emptied of occupants. In the last few days several thousand men have been definitely assigned to regular units of the Sixteenth division, and today many more were assigned to special units at other camps and government works, men with special knowledge of chemistry, mechanics and various other lines being selected for the departing section.

The fact that all of the soldiers' suffering is not caused by what he contends with at the actual front was emphasized today in a formal order published by command of Major General Shanks. It instructs organization commanders to ascertain "whether there are any men in their organizations who have been stung by bees within the last two weeks" and to have any men so afflicted report to the division headquarters inspector.

Hostilities Stop.

PARIS, Sept. 30.—The armistice between Bulgaria and the Allies was signed last night, a Saloniki dispatch states.

General Franchet D'Esperey, the Allied commander-in-chief—in—Macedonia, signed for the Allies and the Bulgarian delegates for their government. Instructions have been given by the government to General D'Esperey to proceed immediately to the execution of the conditions of the armistice.

The actual suspension of hostilities immediately followed the signing of the armistice, but it is noted that this suspension applies only to Macedonian hostilities against Bulgaria and that in no way affects Macedonian hostilities which the Allied armies will continue against Austria-Hungary, Turkey and the German contingents sent to that locality.

The armistice, La Liberty declares editorially, was signed at the full consent of King Ferdinand. It prints a denial of a report that he had taken refuge in Vienna. The king, it declares, has not left Sofia.

Pardons Liberals.

AMSTERDAM, Sept. 30—King Ferdinand of Bulgaria, at the suggestion of the cabinet, has issued a ukase pardoning M. Stamboulikwsky, leader of the Bulgarian agrarian party, and former Minister Gennadieff, leader of the Stamboolfiac party, says a dispatch from Sofia. All their political friends who were sent to prison with their leaders when Bulgaria entered the war, also have been pardoned.

In October, 1915, M. Stamboulikwsky was sentenced to imprisonment for life after a conviction on a charge of anti-militarism.

PLAN TO RESUME SLACKER RAIDING

SAN FRANCISCO, Oct. 1—"Slacker" raids, directed principally against the floating population, are to be renewed in the next few days in northern and central California, following reports that there are more than 8000 draft evaders in the state, the department of justice bureau of investigation announced here today. The military forces will not be employed in these raids, but police and sheriff's offices will be called on for aid, it was said.

All within the draft ages were warned to carry credentials to avoid arrest and those over or under draft ages who might be mistaken for registrants were advised to carry proof of their age.

New York Report.

NEW YORK Sept. 30. — Although it was estimated that pledges and subscriptions to the fourth Liberty loan amounted to $2000,000,000 in New York Federal reserve district on the opening day of the drive, subscriptions of only $50,211,300, or 2.73 per cent of the district's quota of $1,800,000,000 were officially recorded on Saturday, according to the first official report of the Liberty loan committee, issued tonight.

The Allied music committee, at a meeting tonight attended by Enrico Caruso, Madame Galli Curci and other operatic stars, subscribed for $4,304,000 worth of bonds, passing its voluntary quota by $304,000.

Hope in Ferdinand.

AMSTERDAM, Sept. 30—An outstanding feature of German comment on the Bulgarian proposals for an armistice is that virtually all the papers declare that King Ferdinand remains loyal to the alliance. Thus the Lokal Anzeiger says:

"The attitude of King Ferdinand is absolutely unexceptional. As before, he is thoroughly loyal to the alliance."

The Vossische Zeitung says "the fact that the king of Bulgaria adheres to the alliance under all circumstances is confirmed by later reports from Sofia. It is also quite clear that Malinoff's action without doubt is directed against his person."

This paper adds:

"Certain rumors about Turkey's alleged resolve are quite baseless."

A member of parliament in an interview in the Lokal Anzeiger says that General Lukoff, chief of the Bulgarian staff, is influencing the army in favor of the Entente.

CALLS FOR DRIVE COAL PRODUCTION

WASHINGTON, Sept. 30.—To avert a coal famine this winter and also meet all the needs of the war program, Fuel Administrator Garfield today launched a drive for coal production which is to continue until April 1.

In a formal proclamation to operators and miners alike, the fuel administrator calls upon all to enlist in a detailed program to produce 12,234,000 tons of bituminous coal and 2,050,000 tons of anthracite coal every week. This tonange, he promises, will give the country all the coal needed this winter. It represents a weekly increase of 1,731,000 tons of bituminous and 121,000 tons of anthracite over the weekly production averages of the corresponding period a year ago. The increase in bituminous production called for is approximately 16½ per cent and in anthracite 6 1-3 per cent.

Mr. Garfield's call was transmitted to every district production manager, who in consultation with their mine production committees, will apportion a weekly quota for each mine. Carrying the quota idea to its logical conclusion, each miner will be asked to assume personal responsibility for a weekly coal production representing his equitable proportion of the mine's allotment.

PARIS, Sept. 30.—President Poincare telegraphed his congratulations today to the king of the Belgians on "the striking successes which have liberated such a zone of national territory."

LOS ANGELES, Sept. 30.—Sixty-nine naval recruits enroute from an eastern city to a California naval base were taken from a train here today and isolated, because half their number were affected with what a naval surgeon declared to be Spanish influenza. The military relief division of the local chapter of the Red Cross provided comforts for the men.

FRUSTRATE PLAN FOR CAMP BREAK

SALT LAKE CITY, Utah, Oct. 1.—Officials at the third war prison camp at Fort Douglas, near here, unearthed another plan for a wholesale get-away today and frustrated the cleverest attempt to escape yet attempted by inmates of the prison, who are said to be members of the I. W. W. The plan was exposed when an officer uncovered the opening to an ingeniously concealed tunnel, digging of which had already progressed more than forty feet.

TELLS OF ONE MAN'S GRAFT ACTIVITIES

SAN FRANCISCO, Oct. 1. — J. J. Worthington was identified by Miss Florence Peyny of Chicago at his trial here today for alleged fraudulent use of the mails, as "William J. Chase," under indictment in Chicago in connection with the operation of supposed charity projects in many states of the east, middle west and south.

Miss Peyny, who said she was Chase's office manager at 123 Madison street, Chicago, for two years, also identified Mrs. Rae Belmont, co-defendant with Worthington and Lulu Westphal, as "Grace Cerf" employe of Chase in Chicago, Toledo, Ohio, Philadelphia and other cities.

Chase left his wife and adopted child, residing in Chicago, when he was indicted last April, and turned over his business to a Carrol S. De Young, Miss Peyny said. She gave a detailed account of the activities of Chase.

He first employed a number of girls and women on a "Swedish directory," business men being solicited by telephone to put business cards in a book which was to go to 60,000 Swedish residents of Chicago, she said. The returns amounted to $500 or $300 a day, she estimated. A similar scheme was that for the "Mutual and Social Blind Association," she said, this being followed by a "church book" which was to contain sermons from noted clergymen. Girls, when sufficiently trained in Chicago, were sent to other parts of the country, operations extending to Texas, Oklahoma and Tennessee, she testified. The church book, the witness aid, brought in $300 a day from Chicago and a like sum from outside districts.

ALLIED DUELISTS WIN EACH TIME

MADRID, Oct. 1—(By the Associated Press.)—Two duels were fought today between journalists as an outgrowth of controversies between Germanophile and sympathizers with the Allies.

Senor Mico, director of the Journal Allies, and Senor Gulol, director of the Germanophile newspaper Iberia, were the combatants in one of the fights. Gulol was seriously wounded in the arm. The other encounter was between the son of Senor Benlliure, the sculptor, editor of the Journal Allies, and the Germanophile journalist, Rodriguez Lapena. Benlliure wounded Lapena in the arm.

LIGHTLESS NIGHTS TO BE CONTINUED

SAN FRANCISCO, Sept. 30.—California's lightless night order will not expire tomorrow as was intended originally, but will continue indefinitely in the interest of power conservation, Albert Schwabacher, Federal fuel administrator for California, announced tonight.

The saving power for the two months the lightless night order has been in effect has not alleviated the situation as to power shortage sufficiently to warrant suspension of the lightless nights, Schwabacher said. With the growing need of power for essential industries there is a possibility that the order will remain effective for the the period of the war, Schwabacher stated.

WASHINGTON, Sept. 30. Tyrus Raymond Cobb, former star outfielder of the Detroit Americans, but now a captain in the gas and flame service of the army, has been ordered to Camp Hancock, Va., for training. He will report this week.

LIVE STOCK.

CHICAGO.—(United States Bureau of Markets)—Hogs, receipts 23,000; steady to 10c lower. Butchers, $19.40@19.95; light, $18.40@19.75; packing, $18.50@19.25; rough, $18@18.50; pigs, $17.50@18.25.

Cattle—Receipts, 17,000; steady to higher. Beef cattle, $10.50@19.60; butcher stock, cows and heifers, $6.50@13.75; canners and cutters, $5.85@6.85; stockers and feeders, $7@13.75; calves, $17.75@18.50.

Sheep—Receipts, 35,000; slow to lower; a few early sales of feeder lambs, steady.

GRAIN.

CHICAGO.—Increased belief in chances of a quick ending of the war brought about decided fresh setbacks today in the price of corn. The market closed unsettled, 2½ to 3c net lower, with October, $1.33 to $1.33¼, and November $1.30¾ to $1.31. Oats finished ⅝@⅞c off to ⅝c up and provisions ranging from $1 decline to 20c advance.

Developments that had a bearing on peace monopolized the attention of corn traders, and resulted in general selling until values were forced down more than 10c under the high point of the previous day.

Seaboard demand checked declines in the oats market.

Owing to improved call from big interests, lard and ribs rallied from early weakness. Pork received no stimulus and fell the limit allowed for a single day.

Corn — October, $1.33; November, $1.30¾. Oats—October, 58¾c; November, 70¼c. Pork—October, $36.30; November, $36.80. Lard—October, $26.60; November, $26.12. Ribs—October, $23; November, $23.17.

MONEY.

NEW YORK.—Mercantile paper, unchanged. Sterling, unchanged; demand, 4.75.45; cables, 4.76.55.

Mexican dollars, unchanged.

Time loans, strong, unchanged.

Call money, strong, unchanged.

Liberty Bond closing prices: 3½s, $100.04; first convertible 4s, $95.90; second 4s, $93.56; first convertible 4¼s, $96.90; second convertible 4¼s, $96.04; third, 4¼s, $96 50.

FEDERAL WEEKLY MARKET REPORT

The following weekly market report has been issued by the Bureau of Markets at Washington, through the local office of the federal market bureau, which is located in the lobby of the Forsyth building. The Fresno office of the bureau issues daily bulletins on the prices of commodities in the principal markets of the United States. These reports are furnished to all persons interested free of cost by mail.

Prices to jobbers and shipments for the United States for the period of September 24-30, inclusive.

Range exports July and August were 1,527,026 pounds, about two-thirds to the United Kingdom and nearly one-third to France. Army purchases of beeswax reported almost 60,000 pounds.

Shipments Heavy and Price Trend Downward.

Extremely heavy carlot movement of potatoes continued a feature and volume again increased for apples, grapes, onions and celery. Movement was lighter for peaches, watermelons and cantaloupes. Remaining items—cabbage—continued in fairly steady volume. Potatoes sold generally lower. Cabbage and sweet potatoes continued to decline. Grapes and peaches advanced moderately. Apples and onions and most remaining lines showed no very definite trend. Average price paid for potatoes for October army requirements was $2.68 per cwt. delivered, compared with $2.70 for September, $3.01 for August and $2.84 July. Average price for onions for October army requirements was $2.07 per cwt. delivered, compared with $2.55 for September, $2.17 for August, and $2.07 for July. Condition of cabbage crop September 15 was 86 per cent, compared with 84 per cent September 1 and 82 per cent September 1 of last year.

Cabbage Lower.

Prices remained fairly steady at the lower level reached last week. New York domestic cabbage is quoted unchanged at $15 per ton in bulk f. o. b. Rochester, N. Y. Colorado stock held at $1.40 per cwt. trackside at shipping points. Consuming markets ranged mostly $20@30 per ton for New York domestic stock. Wisconsin Holland Seed also declined $5 at New Orleans, ruling $35 per ton. Colorado stock ranged $2@2.50 per cwt. for sales to retailers in southern cities. Total shipments were 1,056 cars, compared with 713 last week.

Maryland sweet potato crop prospects reported fair to good.

Exports dried apples for August were 224,229 lbs., of which about one-half were sent to the United Kingdom. No. 1 Wealthy apples were quoted $6@6.50 per bbl. in Montreal September 21 and $5.50 in Quebec. Exports dried peaches from Spain were quoted at $2.50@3 per box.

Apple Markets Firm.

Winter varieties are now coming from various producing sections. Stocks of A-2's, ruled $4.50 per bbl. in Rochester, N. Y., and Greenings Are quoted $2.75@4.50. Fancy Jonathans reached $7.50 per bbl. at Benton Harbor, Mich. Winchester, Va., quoted Staymans $4.50@6, Yorks mostly $4, and Red Pippins $3.25@3.50 f. o. b. orchard. Ontario Jonathans quoted New York firesmings $4@4.50 in New York City and Virginian Baldwins $5.50 in Pittsburg. Virginia Yorks ranged $4.50@5.25 in Philadelphia. Illinois Jonathans ranged $5.50@6 in Middle Western markets. New York Wealthies tending downward in New York City, selling $5@6. Northwestern boxed Jonathans, extra fancy large, ranged $1.90@2.25 at Washington shipping points, and extra fancy large Delicious Jonathans reached $3@3.50 in Jobbing lots in distributing markets. Northwestern boxed apples ranked $2.25@2.75. Total shipments were 3,615 cars, compared with 1,883 cars last week.

Grapes Higher.

Michigan Concords sold at 25@25c per 4-quart basket f. o. b. Benton Harbor, Mich., closing at the top figure and reached 35@40c in large consuming markets, an average advance of 4c. New York Concords ranged 25@35c f. o. b. cash Westfield, closing strong. California Malagas held firm at $1.15 per 4-basket crate f. o. b. cash at shipping points, and ranged firm in Eastern markets at $1.75@2.75 auction sales. Shipments were 2,817 cars this week, compared with 2,213 last week.

Exports of dried peaches July and August were 2,558,281 pounds, chiefly to British and French ports and to Spanish America.

Movement of casabas from central California expected to be heavier than last year.

Other Fruits and Vegetables.

Cantaloupe shipments declined to 161 cars, compared with 302 last week. Watermelon shipments declined to 37 cars, compared with 87 last week and 147 the week before. Cranberry movement continued moderate and prices nearly steady at $8.25@9 per bbl. in consuming markets.

CHARLES J. BRAND,
Washington, October 1.

BACK UP THE BOYS OVER THERE—BUY BONDS.
E. W. STILLWELL,
Assistant in Market Surveys.

WALL STREET FINANCE.

NEW YORK, Oct. 1.—The cleavage between war and peace shares became more divergent in today's active and confused stock market, the former again yielding irregularly to heavy selling, while some of the latter added to gains of the previous day.

Rather more noteworthy than either of these movements, however, was the confident inquiry for rails, including the customary list of dividend shares. Absorption of these issues were again ascribed to excellent statements of earnings.

Gossip credited no small part of the demand for rails to neutral foreign interests, which are known to have made extensive investigations regarding some of the minor lines traversing southern and southwestern sections of the country.

Among the erstwhile "war brides" further reactions of 1 to 4 points were witnessed and United States Steel, never popularly regarded as a war stock, made an extreme decline of 3 points on a very large turnover.

LEGAL NOTICES

NOTICE OF DELINQUENT SALE OF LANDS IN ZALDA RECLAMATION DISTRICT NO. 801.

Notice is hereby given by the board of trustees of Zalda Reclamation District No. 801 that, by reason of the non-payment of the installment of the assessment heretofore levied on the lands lying within the boundaries of said Zalda Reclamation District No. 801, which installment by notice duly given was ordered paid not later than September 17, 1918, the amount of said installment, together with interest thereon at the rate of seven per cent per annum from the 5th day of July, 1918, and a penalty of ten per cent of the amount of said installment and interest, and the entire remaining portion of said assessment with interest thereon at the rate of seven per cent per annum from the 5th day of July, 1918, is now delinquent upon the following lands in the counties of Fresno and Kings, state of California.

FRESNO COUNTY.

The north half of lot 13, in section 5, township 17 south, range 19 east, M. D. B. & M., lying west of the railroad; assessed to Fred Heinz. Installment, $7.28; interest, $.16; 10 per cent penalty, $.74; remainder of assessment, $34.82; interest, $.30. Total now due, $50.24.

The southeast quarter of the southwest quarter and the north half of the southwest quarter of section 15, township 17 south, range 19 east, M. D. B. & M., assessed to Mrs. M. Hrzenek. Installment, $70.35; interest, $1.03; 10 per cent penalty, $7.14; remainder of assessment, $211.05; interest, $3.11. Total now due, $292.68.

All of lot 14 in section 19, township 17 south, range 19 east, M. D. B. & M., assessed to J. L. Hall. Installment, $12.71; interest, $.60; 10 per cent penalty, $1.33; remainder of assessment, $198.14; interest, $1.92. Total now due, $177.70.

BARGAIN in land. Must have some money. See the owner. Phone 2179-W.

WE HAVE THE BEST LAND

In this valley but we can't farm it alone. Don't wish for a farm; come and get it. Why talk pessimism? Do something. If you can't fight you can farm foodstuff. Don't leave it all for the other man. Do your bit. Uncle Sam stands by you. Why not stand by him? He pays the highest prices. You want a good farm. You can have one on half crop payments; live well and own it in one-half the time you could before the war. Let me show you.

GRAHAM
Beckett & Crothers 127 Rowell Bldg.

W. L. CHAPPELL, 1933 Mariposa St.

Two bungalows, nice $2500, the other $2500, 10 per cent cash, balance monthly.

Several high class, well located dwellings, $5,000 and up.

The time to buy raw land is right now. I know raw land and will locate you right. Ask any one. Good vineyard buys are few, but we can dig up several in a hurry and forty acre tracts.

W. L. CHAPPELL, 1933 Mariposa St.

FRESNO LAGS BEHIND IN LOAN DRIVE

COUNTY MARK IS OVER MILLION AT END OF THIRD DAY OF DRIVE

City's Total Is $588,200 and County Total Outside of Fresno Is $574,850—"Catch Up With Other Counties" Is Plea of Miles

No Totals Are Held Back.

In some of the former war drives in Fresno figures have been held back until the eleventh hour on the theory that the public will relax their efforts after the allotment has been reached. I have too much faith in the Fresno County public to believe that they will at any time relax their efforts to support the boys fighting Over There until they have won peace through victory. And I want it clearly understood that no subscriptions will be withheld from the public in the Fourth Liberty Loan drive. The subscriptions will be announced as rapidly as they are received and each day the full amount subscribed in both city and county will be made public. The discrepancy between the totals announced today and the totals announced at the mass meetings in Fresno and throughout the county is due to the slowness with which subscribers have made their pledges good. No subscriptions will be formally announced until applications have been filled out at the banks and first payments have been made.

FRED B. FOX,
General Manager.

"Other cities are running away from Fresno. Other counties are running away from Fresno county. There is no reason for it. We have never been followers. We have always led. We must lead now. We must catch up with the procession. And there is only one way. Go to your banks and subscribe now."

That was the call sent out yesterday to every city in the county and to every red-blooded American that lives in Fresno county, to every man, woman and child in Fresno city. It was sent out by General Chairman W. O. Miles to his great host of campaign workers. It was sent out by Campaign Manager Fred B. Fox to all the county chairmen. It was sent out by City Campaign Manager C. T. Cearley to the campaign captains who are canvassing the downtown district.

"Fresno is behind," was the cry, "and Fresno must not stay behind. The boys over there are not behind. They are in front—every Fresno boy on the battlefields of France is in front or itching to get there. There must be no lagging here at home. The trouble is not due to lack of patriotism. It is due to procrastination."

The cry to Fresno to speed up was warranted by the figures that told the measure of Fresno' subscription to Fourth Liberty Loan bonds. The figures showed that not even half of those who signed pledge cards at the great opening massmeeting at the auditorium have come through.

The figures showed that up to 6 o'clock last night Campaign Chairman Fox was able to announce that Fresno city's total bona fide subscription was $588,200. And Fresno city's quota is $3,009,200. This means that Fresno has gone only a little more than a sixth of the way up and over. The quota of the county outside of Fresno city is $1,490,800. And the county outside the city has subscribed only $574,850—much better than the city has done—but not good enough. Both city and county together have subscribed $1,163,050 toward a total allotment of $4,500,000.

Here is a list of those whose subscriptions passed through the Fresno banks yesterday:

$1,000 OR OVER

The Rex Estate $50,000. William Newman $10,000; Fresno Republican employes, $5,000; Danish Creamery employes, $4,950; Minor Thornton, $3,900; J. G. and Ella M. Porter, $1,500; Levy Bros., $1,000; Dr. L. R. Packwood, $1,000; H. P. Black, $1,000; Spencer Vineyard Co. $1,000; William Payne $1,000

SCHOOL TEACHERS SUBSCRIBE $20,000

Fresno's public school teachers went over the top yesterday and won a 100 per cent honor card for every school faculty in the city by subscribing a total of $20,000 to the fourth Liberty loan.

Superintendent of Schools Jerome O. Cross made this announcement yesterday and gave out the amounts subscribed by the teachers of the different schools as follows:

Columbia school	$ 1150
Edison	800
Emerson	1150
Hawthorne	750
Jackson	600
Jefferson	1050
Kirk	400
Lincoln	1900
Longfellow	1150
Lowell	1350
Parental	50
Washington	1100
Webster	1300
Administration	800
High school	6200
Miscellaneous	250
Total	$20,000

HIGH SCHOOL DRIVE OPENS TOMORROW

Corporal James Bonnar, hero of Chateau Thierry, will be just plain "Jim" again tomorrow when he will appear before a mass meeting of the student body of the high school, when all the boys who want to go to war, those who may yet wear fighting clothes, and all the girls who have been knitting and doing other things over since the war began to make the Fresno boys "over there" comfortable and happy, will launch their fourth Liberty loan drive.

The meeting has been called by the committee place in charge of the high school drive, and Chairman Lawrence Young will preside, while the members of his committee—Anne Dick, Cecile Curtis, Herbert Huebner, Norma Cobb, William Thomas, Kathryn Calhoun, Wilfred Hunkins and Kathryn Bramcamp—will gather up the subscriptions.

A musical program has been arranged, and David Swing Ricker, director of publicity, will speak on behalf of the Liberty loan committee. The mass meeting will be held in the high school auditorium at 10 o'clock.

DISCOVERS SERUM AGAINST GRIPPE

NEW YORK, Oct. 1.—Discovery of a serum, which, he said, preliminary experimentation indicates will act as a preventive for Spanish influenza, was announced tonight by Health Commissioner Copeland. Tests have given promise of success, he said, with the result that the vaccine is being prepared for use by physicians and will be ready for distribution in small quantities in a few days.

The serum, discovered by Dr. William H. Park, the health department bacteriologist, is made from influenza germs obtained from persons in the early stages of the malady, combined with bacilli procured at autopsies upon the bodies of victims of the disease. It is not claimed the treatment will cure the disease.

Speaking of the growth of the epidemic here, Dr. Copeland predicted increases for some days in the number of cases. The great majority of those who are susceptible would be attacked, he thought, after which the epidemic would gradually die out.

Ninety-five per cent of the deaths here were of persons between 15 and 45 years of age and men were easier victims than women, he said.

WAGE INCREASE FOR TELEGRAPHERS

WASHINGTON, Oct. 1.—Railroad telegraphers probably will receive soon a wage increase of between $20 and $25 a month, it was said today by railroad administration officials. The application of the Order of Railway Telegraphers for more than twice this amount of increase still is pending before the board of railroad wages, which is expected to report soon to Director General McAdoo. The increase to be suggested will be about equivalent, it is said, to that recently granted clerks, maintenance of way men, mechanical workers and other classes of employes.

LOPEZ ACCIDENTALLY KILLED.

Leroy Lopez, the Southern Pacific lamplighter, who was killed by a train Monday night, near the Roeding packing house, was found to have met his death accidentally, according to Deputy Coroner L. O. Stephens, who conducted the inquest yesterday. Lopez is survived by the widow and two children, who reside in Mono street.

ANDERSON INQUEST HELD.

According to the inquest conducted by Deputy Coroner L. O. Stephens on the death of G. A. Anderson, salesman of a local music supply house, who shot himself Monday, it was found that death was due to a gunshot wound inflicted with suicidal intent.

The body was sent to Sacramento yesterday afternoon via the Santa Fe. Arrangements were in the hands of Stephens and Bean.

"America's Answer"

We've sent nearly two million of our best men overseas to answer for America—AND THEY ARE DOING IT.

Our part at home is to keep these boys fed and equipped — and we're doing it with

New Subscription Rates

By Carrier 75 cents
By Mail 65 cents

PAYABLE IN ADVANCE

Effective October 1st 1918

Owing to increased costs of news-print paper and every other element entering into the cost of publishing a daily newspaper, the publishers generally, throughout the country, have found it necessary to increase both advertising and subscription rates. The Fresno Republican is compelled to follow the same course.

The War Industries Board, a Government department at Washington, D. C., has also issued the following order, which the newspapers must obey:

"Discontinue sending paper after date of expiration of subscription, unless subscription is renewed and paid for. (This ruling to be effective October 1, 1918.")

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes —Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

BOYS Clear Your Skin With Cuticura

All druggists: Soap 25, Ointment 25 & 50, Talcum 25. Sample each free of "Cuticura, Dept. E, Boston."
